Report

REASON FOR THE REPORT:

Council may adopt a by-law prescribing the discount rates on the prepayment of realty, personal property and business taxes.

HISTORY:

Subsection 334(3) of *The City of Winnipeg Charter* permits the City to provide for the allowance of discounts when taxes are prepaid, as stated below:

> *334(3) Council may pass by-laws in respect of real and personal property taxes and business taxes*
>
> *(c) providing that, when taxes are paid other than by installments, discounts at rates prescribed in the by-law may be allowed on amounts that are prepaid on account of those taxes by dates specified in the by-law.*

Council annually adopts a by-law establishing a discount rate that will financially benefit the City and, at the same time, provide an investment opportunity for Winnipeg taxpayers.

DISCUSSION:

The proposed discount rates are based on information received from the Financial Services Division, which considers 3.5% as the City's projected annual return on investment for 2007. The 2006 estimate was 3.6%. Therefore, a discount rate of approximately 1.75% is considered to be fair to both the City and to the taxpayer, the same discount rate approved in 2006.

The accelerated cash flow generated by the prepayment of realty, personal property and business taxes increases the City's short-term investment opportunities for the period January to June. The investment income earned from these early payments continues to exceed the tax discount given as well as the cost of administering the program by the Taxation & Revenue Division.

The 2006 accelerated cash flow generated by the prepayments of realty, personal property and business taxes was:

2006 Prepayments	$9,608,772
Less: 2006 Actual Discount	65,423
Cost to administer	10,000

	$9,533,349

Using the 2006 actual prepayment information, with the City's 2007 expected short term investment interest rate of 3.5%, the following represents the interest income that could be expected in 2007 from depositing the tax prepayments:

2007 Projected Investment Income from Prepayments

	Estimated Prepayments (Based on 2006)	# of months invested	2007 Projected Investment Income
January			
Realty and Personal Property Tax	$7,646,740	5	$111,515
Business Tax	248,016	4	2,894
February			
Realty and Personal Property Tax	1,377,193	4	16,067
Business Tax	336,823	3	2,947
2007 Projected gross income	$9,608,772		133,423
Less: Discount			65,423
Cost to administer			10,000
2007 Projected Net Income			**$58,000**

It is therefore recommended that Council adopt a by-law to provide for prepayment discounts received by the Taxation & Revenue Division during the months of January and February, 2007 at the following discount rates:

Realty & Personal Property Tax - Payable at par up to June 30th	Face Value Discount Rate	Equivalent Annual Discount Rate
January	0.71%	1.75%
February	0.58%	1.75%
Business Tax – Payable at par up to May 31st		
January	0.57%	1.75%

February	0.44%	1.75%

FINANCIAL IMPACT STATEMENT:

Net Budget Adjustment Required	$ -	$ -	$ -	$ -	$ -

Additional Comments: Using the 2006 actual prepayment information, with the City's 2007 expected short term investment interest rate of 3.5%, the interest income that could be expected in 2007 from depositing the tax prepayments is approximately $133,423. However, after applying the projected tax discount of $65,423 and an administrative cost of $10,000, the projected net income is $58,000.
