Report

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request from Frontier Toyota to purchase the portion of the former Pandora Avenue West right-of-way identified as “Proposed Closing” on the attached Misc. Plan No. 13034. Frontier Toyota is acquiring the property adjacent to the west that forms the triangle shown by the dashed lines on Misc. Plan 13034 and wants to include the portion of Pandora into the site.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Easements

There is a 200mm AC water main, a 600mm concrete waste water sewer main, and a fire hydrant located within the proposed street closure. The Water and Waste Department has no objection to the proposed closing provided an easement is established on the entire proposed closing area.

It may be necessary to re-align the swale to ensure positive drainage to the curb inlet immediately south of Regent Avenue. If it becomes necessary, Frontier Toyota would be responsible for the costs associated with this re-alignment.

Manitoba Hydro and Centra Gas will also require an easement for their facilities in the area.

No permanent structures will be allowed in closed street.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
