REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Real Estate Division of the Planning, Property and Development Department has applied to close the portions of Paris and Auburn Streets so identified on the attached Misc. Plan No. 10620/16.

These streets exist in a legal context as a designation of lands as public right-of-way. The streets may have been constructed when the land was dedicated in 1906; there is no physical evidence of the streets today.

The City is acquiring land on Mission Street as part of a sale of other City lands to Manitoba Hydro. Those lands being acquired are shown as "Manitoba Hydro property to be transferred to the City of Winnipeg" on the drawing.

Once the streets are closed and the finalization of the purchase of the Hydro Lands is completed, the Real Estate Division intends to market for sale both parcels together with the adjacent surplus City owned lands (shown as City Property on Misc. Plan No. 10620/16).

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closings.

Zoning

Part of the City property adjoining Auburn and proposed to be sold is zoned PR 1. This land was declared to be surplus by Council in 1999. An application to rezone will be required before the land may be used for any other purpose. Since a closed street

assumes the zoning of the adjacent property, a portion of Auburn will also require rezoning.

Easements

There are no easements required.

Transfer of Jurisdiction Over Public Rights-of-Way

The streets must be legally closed before they may be incorporated into the adjoining lands. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
