RECOMMENDATIONS

1. That the proposed rental rates for the next five years of the existing 40 year lease, between the City of Winnipeg and the Southwood Enterprises Ltd. for the Louis Riel Library, as shown on Schedule “A”, attached, be approved;

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

Council Policy of April 1993 requires that leases of private property where the net cost to the City, excluding operating costs and tenant improvements, is greater than $1 Million over the term, the lease shall be subject to review by Council.

The Department has determined that there are no general, policy, regulatory, environmental or human resource implications to the lease of these lands as set out in the attached Schedule “A”.

The proposed rent adjustment will increase accommodation costs to the Community Services Department by $144,755.00 over the next 5 years.

HISTORY

The City of Winnipeg entered into a lease agreement with Southwood Enterprises Ltd. for a 40 year term, which commenced on June 1, 1989. The lease incorporates a Rent Review Period, the first of which occurs after the completion of the first 10 years, and every 5 years thereafter. The landlord has not increased the rent since the City took possession of the subject property in 1989.

The lease rate is presently $13.19 per square foot. The parties negotiated an increase for the 5 year renewal of $14.50 per square foot for years one and two and $16.00 per square foot for years 3 – 5, as outlined in Schedule “A”, attached. The Department recommends acceptance of the proposed lease rates as outlined in Schedule “A” attached, as these rates reflect current market conditions.

Additional Comments: Direct costs consist of lease payments as outlined in Schedule A. For 2009, both Direct Costs and Existing Budgets have been prorated to reflect the June 1, 2009 commencement date. All lease costs are charged to the operating budget of the Community Services Department. As a result of recently concluded renegotiations, there is a net shortfall in the 2010 through 2013 library operating budget that could not be anticipated in the 2010-2012 preliminary operating budget when it was originally submitted. In 2009, there is a net increase of $10,011 for seven months from June 1, 2009 that is proposed to be covered by a reduction in the transfer to the Library Services Division's Library IT Reserve Fund. An increased mill rate support adjustment is required for 2010 - 2013 to reflect the new lease.
