Report – Standing Policy Committee on Protection and Community Services – January 11, 2010

Item No. 2 Community Incentive Grant – Point Douglas Residents Committee (Point Douglas Ward)
eFile PR-2.6(34)

STANDING COMMITTEE RECOMMENDATION:

On January 20, 2010, the Executive Policy Committee concurred in the recommendations of the Standing Policy Committee on Protection and Community Services and the Lord Selkirk-West Kildonan Community Committee and submits the following to Council:

1. That the following eligibility criteria for the Community Incentive Grant Program be waived in this instance, namely:

   A. The organization is to be a non-profit community recreation and sport organization or a non-profit community organization that contributes to the health and well being of the community through the development of a sport or recreation capital project.

   B. The project is to make a significant contribution to the long-term benefit of the community-at-large in terms of improved facilities.

2. That a Community Incentive Grant in the amount of $4,800.00, funded equally from the Mynarski and Point Douglas Ward allocations, be approved to the Point Douglas Residents Committee (PDRC) to assist with the cost of the Share the Warmth – PDRC Santa Claus Parade community project, subject to the following conditions:

   A. Confirmation of other funding sources;

   B. Approval of final plans and specifications for the project by the Director of Community Services; and

   C. The applicant entering into a formal agreement with the City of Winnipeg.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Pursuant to the Voting Requirements By-law No. 126/2003, any Community Incentive Grant that does not comply with the terms contained in the Community Incentive Grant Policy requires approval by two-thirds of the Members present at Council.

6. Share the Warmth - PDRC Santa Claus Parade Community Project

7. The project is being developed at the Norquay Community School and the Santa Claus Parade float is being built by youth of the North Point Douglas community in the garage facility of the Unicity Paint and Autobody at 2 – 176 Sutherland Ave. The design of the float was done by grades 5 and 6 at the school. We are involving young people and people from the North Point Douglas Women's Centre in the design and construction of the float which will be used for the warm clothing drive for North Winnipeg's partner agencies and Manitoba Hydro.

8. See attached article. It indicates the objectives of the warm clothing drive that involves our community members. It is for all of North Winnipeg and involves young people and volunteers from Point Douglas, Dufferin, St. John's, William White, etc.

Having read the requirements and eligibility, the Share the Warmth project fall within all of the guidelines of the Community Incentive Grant Program.

Point Douglas Residents Committee
Karen Peters, Executive Director

Share the Warmth is a program that will benefit numerous families and individuals here in North Winnipeg. Together with the North Point Douglas residents, the children and youth of WASAC (Winnipeg Aboriginal Sports Achievement Centre), Siloam Mission, Main Street Project and the North Point Douglas Women's Centre, among others, we are excited to help bring much needed warm winter clothing to families and individuals in need. We are excited about the Share the Warmth program as it involves our community members in a positive way that lets us give back to the greater community in a celebration that has long-term effects and spin-offs.

Winnipeggers are known for their generosity and readiness to respond to need. We are honoured to have so many people willing to make a positive change in our communities. For many of our community members, warm clothing can make a great impact on physical as well as mental health.

Our volunteers and those from our partner agencies will be participating in the Share the Warmth drive leading up to and on the day of the event. We are also excited that the children and youth of our community will be participating in making a Christmas Float for the Santa Claus Parade. This Float will hold the bins for warm clothing collection and will pick up donations on the parade route from individuals as well as from drop off points along the way.

The Float is being designed in a competition at the Norquay Community School for grades five and six. It will be built by our youth and this will be an introduction to building skills for future training for our community youth. The theme of the design is "Home". This is tying in to the earlier issues of visioning of how "Home" should be. Designs will be featured on our website, www.pointdouglas.ca.

Leading up to the Santa Claus Parade, Manitoba Hydro has offered their locations to be drop off points for the Share the Warmth warm clothing drive. This partnership with Manitoba Hydro is so important to addressing need in our community. Once the clothing is sorted and cleaned, if necessary, it will be distributed directly to community members through our community partner agencies. We are seeking warm winter wear: coats, parkas, hats, toques, mittens and scarves for all ages.

We are excited for this opportunity for contact with our youth toward a positive outcome and to work toward their goals and dreams.

Keep checking our website, www.pointdouglas.ca for more updates in the near future.
