A joint presentation of the City of Winnipeg and the Manitoba Historical Society
The City of Winnipeg is developing a comprehensive Heritage Conservation Management Plan, and we are inviting residents to tell us about what makes Winnipeg so unique. Join us in a discussion about the city's identity. Take this opportunity to tell us about a place, an object, a tradition or a story that defines your idea of Winnipeg's heritage.

Sustainable Transportation Strategy

OurWinnipeg™
It's Our City, It's Our Plan, It's Our Time.
SpeakUpWinnipeg.com

- Sets out the 25 year vision for Winnipeg's Transportation System.

- The Main Goals of the Sustainable Transportation System Are:
  - To have a transportation system that is dynamically integrated with land use.
  - To have a transportation system that supports active, accessible and healthy lifestyle options.
  - To have a transportation system that is safer, efficient and equitable to people, goods and service.
  - To have a transportation system which has a well maintained infrastructure.
  - To have a transportation system that is financially sustainable.
