19. The Heritage Conservation Tax Credit By-law No. 7155/98 is amended by adding the following as Schedule "A" to the By-law:

SCHEDULE "A"

Standards for Conservation

On August 19, 1995, City Council approved a Consolidated Policy for Funding the Conservation of Heritage Buildings. This policy includes a series of standards which are to be applied to specific heritage projects in a reasonable manner, taking into consideration economic and technical feasibility.

- 1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.*
- 2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.*
- 3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.*
- 4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.*

5. *Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.*
6. *Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old design, colour, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.*
7. *Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.*
8. *Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.*
9. *New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.*
10. *New additions and adjacent new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.*

By-law No. 7294/98

20. The Lot Grading By-law No. 7294/98 is amended

- (a) in section 2, by adding the following definition in alphabetical order:

"building" means any structure used or intended for supporting or sheltering any use or occupancy and, without restricting the generality of the foregoing, includes residential, commercial and industrial structures.

- (b) in section 2, by striking out the definition of **"splash pad"** and substituting the following:

"splash pad" means a cast-in-place or pre-cast concrete structure rigidly attached to a building to carry roof runoff and weeping tile water away from the building foundation.

- (c) in section 2 by repealing the definition of "**structure**";
- (d) except in the definition of "**building**" and "**splash pad**", by striking out "**structure**" wherever it appears and substituting "**building**".

By-law No. 7489/99

21. By-law No. 7489/99 is amended

- (a) by repealing section (a) of the preamble;
- (b) by repealing section (c) of the preamble and substituting the following:

(c) The Director of Planning, Property and Development and his/her delegates are authorized to grant minor tolerances in determining compliance with those by-law provisions; and
- (c) by repealing section 1 and substituting the following:

1. Where pursuant to Part 6 of The City of Winnipeg Charter the City has entered into a development agreement with the owner of real property as a condition of adoption of or amendment to a zoning by-law, the Director of Planning, Property and Development or his/her delegate may in writing amend any provision of that agreement in order to establish a zoning tolerance.

1.1 In this By-law:

"zoning tolerance" means

 - (i) in the case of a variance of any yard or space separation, a variance not exceeding 5% of the requirement set out in the development agreement or 0.3 m, whichever is the greater; and*
 - (ii) in any other case, a variance not exceeding 5% of the requirement set out in the development agreement.*
- (d) by adding the following after section 2:

"3. This By-law shall be referred to as the "Zoning Agreement Tolerance Amendment By-law"."

By-law No. 7600/2000

22. The Secondary Dyke By-law No. 7600/2000 is amended in section 2 by placing the definition of "**structure**" in alphabetical order.

By-law No. 7983/2002

23. The Vacant Dwellings By-law No. 7983/2002 is amended

- (a) in section 2, by setting out "*fire protection system*" and "*fire alarm system*" in alphabetical order;
- (b) by renumbering the subsections following subsection 9(2) from 9(3) to 9(4) consecutively.

By-law 8111/2002

24. The Business Improvement Zone Procedures By-law No. 8111/2002 is amended

- (a) in section 2, by adding the following definition in alphabetical order:

***"zone levy"** means that portion of a zone's budget required to be collected through the imposition of a business improvement zone tax.*
- (b) in section 22 by striking out "*approved budget*" wherever it appears and substituting "*zone levy*"; and
- (c) in subsection 22(3), by striking out "*budget approved by Council*" and substituting "*zone levy*".
