Minutes – Executive Policy Committee – November 16, 2005

REPORTS

Minute No. 18 **Northwood Community Centre Storage Shed Upgrade - Land Dedication Reserve**
File EP-2

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendation of the Lord Selkirk-West Kildonan Community Committee and recommends to Council:

1. That funding to assist with the cost of the storage shed upgrades project in the amount of $2,743.60 be allocated from the Lord Selkirk-West Kildonan Land Dedication Reserve to the Northwood Community Centre.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

DECISION MAKING HISTORY:

Moved by Deputy Mayor Pagtakhan,

That the recommendation of the Lord Selkirk-West Kildonan Community Committee be concurred in and forwarded to Council.

Carried

COMMUNITY COMMITTEE RECOMMENDATION:

On November8, 2005, the Lord Selkirk-West Kildonan Community Committee recommends to the Executive Policy Committee:

1. That funding to assist with the cost of the storage shed upgrades project in the amount of $2,743.60 be allocated from the Lord Selkirk-West Kildonan Land Dedication Reserve to the Northwood Community Centre.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

COMMUNITY COMMITTEE DECISION:

On November 8, 2005, the Lord Selkirk-West Kildonan Community Committee received as information the application from Northwood Community Centre for a Community Incentive Grant in the amount of $2,743.60.

COMMUNITY INCENTIVE GRANT PROGRAM
APPLICATION EVALUATION

Applicant:	Northwood Community Centre	**Total Project Cost:**	$2,743.60
Project Description:	**NWCC Storage Shed Upgrades**	**Grant Requested:**	**$2,743.60**

Community Incentive Grant Program
Community Services Department
8th. Floor – 395 Main Street
Winnipeg, Manitoba
R3B 3N8

The Northwood Community Centre executive is requesting funding from the Community Incentive Grant Program towards two projects that are presently being done at our centre that we are not in a financial position to make payment for. It is very urgent that these two projects be completed before the snowfall. Any delay in these projects would jeopardize them and result in further deterioration or loss of any benefits being realized by our centre.

Both projects were due to unexpected events that necessitated that repairs or renovations to the structures involved be done expediently before the coming of winter.

Funding request # 1 in the amount of approximately $2,500. plus applicable taxes is for replacement of one walk-in door and one overhead door to our outdoor storage shed, paint for exterior finish of this shed and lighting upgrade for the interior of this shed.

Funding request # 2 for approximately $1,500. plus applicable taxes is for rebuilding the flooring of a players box for hockey rink #2 at Northwood Community Centre. This structure was destroyed by winds during the July 16th. storm and the rebuilding of the frame structure, excluding flooring, is being fully covered by the City of Winnipeg Claims department. Reference number for this insurance claim is # 272.

As Northwood Community Centre is financially unable at this time to expend any funding to these renovations/repairs, and that all other funding has been secured, we are asking that the 50% maximum funding from the C.I.G.P. program be waived at this time to ensure completion, and payments, of the two noted projects.

Please contact the writer if you require any further information regarding the above.

Yours sincerely,

George Vanderlip

George Vanderlip
President, Northwood Community Centre

Northwood Community Centre request for Community Incentive Grant Program
October 24, 2005

Request for funding for Doors to Storage Shed
Northwood Community Centre
1415 Burrows Avenue

Funding requested:

1. Overhead door (1) – quote obtained for $1,102 including taxes
2. Walk-in door (1) – quote obtained for $770. plus taxes
3. Paint for exterior finish to shed – maximum of $400.
4. Lighting upgrade for interior of shed – maximum of $270.

Total amount requested form the G.I.C.P. funding is approximately $2,544 plus applicable taxes.

As Northwood Community Centre is financially unable at this time to expend any funding to these renovations/repairs, and that all other funding has been secured, we are requesting that the 50% maximum funding from the C.I.G.P. program be waived at this time to ensure completion.

The Storage shed is approximately 24 ft. x 26 ft. and is constructed of wood framing with a plywood exterior sheathing. This building is approximately twenty years old. The shed was subject to regular flooding in the spring and from severe rainstorms and resulted in the building being unusable for storage during these periods. The Northwood Community Centre also suffered loss of equipment and materials of items stored in this facility.

Upon inspection of this building the City of Winnipeg Public Works department partially rebuilt the structure and raised the complete structure twenty inches from its original base. The final step is to asphalt the surrounding base of this shed to prevent future flooding from occurring. It is important that this project be completed before winter so that no further flooding will occur and negate the work that has been carried out on this building. The City of Winnipeg has approved funding for the renovations to the storage shed, as outlined above, but will be unable to fund the expenses for the requested doors.

The Northwood Community Centre executive feels that the present doors on the building need replacing as they have been subject to a number of attempted break-ins over the past few years and that with all of the work completed to this building by the City of Winnipeg Public Works Department that the doors should be replaced at this time. An insurance claim for the walk-in door was initiated by Northwood Community Centre in June of 2003 but we were not in a financial position to replace the door and the time limitations for claim reimbursement has passed and the cost of replacement of this door is now the centre's responsibility.

Painting of the exterior of the renovated storage shed is required at this time as new lumber was used on the outside of the structure and would suffer weather damage if not painted prior to the coming of winter. We would also upgrade the interior lighting to this building to further enhance its function ability and increase safety.
