Minutes - Executive Policy Committee - July 9, 2008

REPORTS

Minute No. 373 Consultant Assignments – January 1 to December 31, 2007
E-File ST-7

EXECUTIVE POLICY COMMITTEE DECISION:

The Executive Policy Committee received as information the report from the Chief Administrative Officer dated June 25, 2008.

DECISION MAKING HISTORY:

Moved by Councillor Swandel,
That the report from the Chief Administrative Officer dated June 25, 2008, be received as information.

Carried

ADMINISTRATIVE REPORT

RE: CONSULTANT ASSIGNMENTS FOR JANUARY 1 TO DECEMBER 31, 2007

FOR SUBMISSION TO: **Executive Policy Committee**

SUBMITTED BY: **Chief Administrative Officer**

REPORT DATE: **June 25, 2008**

RECOMMENDATION: **That this report be received as information.**

Report Summary

Key Issues:

Administrative Directive FM-002 requires that the Chief Administrative Officer report quarterly to Council on all Consultant Contracts.

Implications of the Recommendation(s):

General Implications

X None
☐ For the organization overall and/or for other departments
☐ For the community and/or organizations external to the City of Winnipeg
☐ Involves a multi-year contract
Comment:

Policy implications

X No
☐ Yes
Comment:

Regulatory implications

X None
☐ Eliminates or reduces regulatory impact
☐ Proposes regulatory impact
Comment:

Environmental Implications

X No

□ Yes

Comment:

Human Resource Implications

X No

□ Yes

Comment:

Financial Implications

X Within approved current and/or capital budget

□ Current and/or capital budget adjustment required

Comment: There are no financial implications as this is an informational report.

REASON FOR THE REPORT:

On March 24, 2004, Council adopted Item 1 of the Report of the Executive Policy Committee, dated March 10, 2004, delegating to the Chief Administrative Officer certain authorities of the Materials Management Policy. Under this policy, the Chief Administrative Officer is required to report quarterly on the assignment of consultants.

On August 11, 2004, Administrative Directive FM-002 was approved by the Chief Administrative Officer, re-confirming the previous direction that the Chief Administrative Officer is required to report quarterly to Council on the assignment of consultants.

DISCUSSION:

Consultant Assignments – January to December, 2007

Attached is information obtained from each department relating to consulting assignments for the year ending December 31, 2007.

For purposes of preparing this report, consulting services are professional services provided directly to the City of Winnipeg. Professionals are defined in Directive FM-002 (Materials Management):

- Medical doctors, dentists, nurses, pharmacists, veterinarians, engineers, land surveyors, architects, accountants, lawyers and notaries (AIT* Professionals) (*Agreement on Internal Trade).

- Information technology consultants, communications consultants, management consultants, training consultants, accredited real estate appraisers, agrologists, dietitians, home economists, interior designers, occupational therapists, optometrists, physiotherapists, psychiatric nurses, psychologists, trainers, speech and hearing therapists and landscape architects (non-AIT Professionals).

The above definition excludes service contracts (e.g. elevator service, public surveys).

With respect to the solicitation of competitive offers, Directive FM-002 dated June, 2007 requires the following with respect to the solicitation of competitive offers:

- When the estimated value of the Consultant Services does not exceed $100,000, single source negotiations are permitted.

- When the estimated value of the Consultant Services exceeds $100,000, the following shall apply:

    1) **AIT Professionals:**
        (a) Where the estimated value of the Consultant Service does not exceed $500,000, single source negotiations are permitted.
        (b) Where the estimated value of the Consultant Service exceeds $500,000 but does not exceed $2,000,000, proposals must be invited, by the department, from no less than three qualified firms or individuals, unless otherwise authorized by the Chief Administrative Officer.
        (c) Where the estimated value of the Consultant Service exceeds $2,000,000, a Solicitation of Competitive Offers must, unless otherwise authorized by the Chief Administrative Officer, be issued through Materials Management.

    2) **Non AIT Professionals:**
        (a) Where the estimated value of the Consultant Service exceeds $100,000, a Solicitation of Competitive Offers must, unless otherwise authorized by the Chief Administrative Officer, be issued through Materials Management.

The 2007 Consultants Report for the period of January 1 to December 31 has been prepared in accordance with Directive FM-002 dated January 18, 2006, as many consultants hired to work for the City in 2007 were hired in 2006. As a result, there will be a transition period as departments move to the more restrictive process for consultant assignments outlined in revised Directive FM-002, dated June, 2007.

Effective January 1, 2007, the Consultant Report reflects contract prices that contain applicable taxes. (2006 Report did not include taxes.)

A summary of 2007 consultant assignments retained by The City of Winnipeg for the period of January 1 to December 31, 2007 are as follows:

The 2006 consultant assignments total for the same period, January 1 to December 31, was $36,011,356.61.

Detailed department consultant assignments are attached. Where the **Total Payment to Date for Entire Consultant Contract** does not exceed $100,000, no explanation has been provided for over-expenditures. However, where the **Total Payment to Date for Entire Consultant Contract** exceeds $100,000, an explanation has been provided for over-expenditures greater than or equal to 10% or $1,000,000, whichever is less.

Financial Impact Statement Date: June 6, 2008

No financial impact as this report is for informational purposes.

Earth Tech Canada Inc	Eng	Deacon UV Disinfection Project [1]	SS	968,254.00	1,796,220.06	0.00	0.00	0.00	81,489.89	81,489.89	1,877,709.95	During start-up of the facility in early 2005, an unusual operating event resulted in breakage of a UV lamp. Extensive investigation, computer modelling and system redesign were required to mitigate this problem. Subsequently, lengthy and detailed system testing was undertaken to ensure proper operation, followed by retraining of operating staff on the revised system. Finally, a HAZOP of the system was conducted to confirm that appropriate redundancy and control systems were in place and build operator confidence before startup in May of 2006. Since May, 2006 there have been recurring, serious equipment failures while under warrantee which have required further time by the consultant to resolve. As a result, the system has still not met substantial performance criteria. This overexpenditure was approved by CFO October 2, 2007
