That the Administration be directed to do all things necessary to pursue Options 1 and 2, as identified in the report from the Director of Community Services dated May 25, 2007, regarding the future jurisdictional responsibility for Environmental Health Services, and provide an update to the Executive Policy Committee in January 2008 with the recommended Option.

2. That the negotiations with the Province include an understanding that any change to jurisdictional responsibility will not result in a reduction of service in one area of the City to expand service in another area but that increased service may be added to create an equitable and adequate level of service City-wide.
