Subject: In favour of twinning Wilkes

Hi there,

My name is Ayla Unruh home owner and resident of 1375 Liberty street for approximate 6 years along with my husband Ty Unruh who has lived on Liberty street for 10 + years.
Recently we received a registered letter that asked us to attend a meeting regarding our property and home. This was extremely upsetting to us.

My husband bought our home from our neighbors with the thoughts and dreams to build his forever home with his future wife and kids. We have two beautiful boys now; 2 years old and 2 months old and with the love for the outdoors we have been fastly making memories on our 2.5 acre home within city limits. It is devastating news to learn that the city wants to run a freeway right through our forever home where we wish to retire. Not only will our memories be shattered but those surrounding us as well; our neighbors whose girls grew up in our house and even Dale Hawerchuk an old Winnipeg Jets Alumni player who was one of the original owners.

With this said, we are NOT in favour of the proposed extension of Sterling Lyon Parkway to the Perimeter, that puts a four-lane road through the middle of our beautiful residential community. We ARE in favour of aligning the road so that it is contiguous with the existing Wilkes avenue right-of-way.

Please do not destroy our beautiful neighbourhood.
Praying for your support,

Ayla and Ty Unruh
