Message:
My name is Robert Kanne, I live at 1327 Loudoun Road. My wife and I built our home in 1999 using many hours of our own sweat equity.

To say that we in this community have been blindsided by this proposed roadway running through our neighbourhood is an understatement. This has already caused such stress, anxiety, uncertainty and sleepless nights to everyone.

This proposed roadway would be absolutely devastating to so many families. This option just makes no sense. Why would people be allowed to build in this area if after a few short years later have it all destroyed?

Every citizen in Winnipeg should be extremely alarmed that this kind of tactics by hired consultants was allowed to happen.

I wish it to be made public record that I am in favour of aligning the road so that it is contiguous with the existing Wilkes Avenue right-of-way. I am NOT in favour of the proposed road alignment of William R. Clement Parkway, from Shaftesbury to the Perimeter that puts a four-lane road through our residential community.

Please take a moment and ask yourself, would you not try to do everything possible to save your home and community from this kind of destruction?

Thank you for your time and I hope we can count on you for your support.

Regards,

Robert Kanne
