REPORT

REASON FOR THE REPORT:

The award of a multi-year contract must be authorized by Council in accordance with Section B8.2.3 of the City of Winnipeg Materials Management Policy, which states that a recommendation shall be forwarded to Council for funding the difference between budgetary provision and the monetary consideration to be paid by the City pursuant to the proposed contract.

HISTORY:

Funds for this work are included every year in the Annual Current Budget for Multi-Family Recyclables collection, Account Distribution No. 445 521026 201907 and 445 521027 201907.

DISCUSSION:

The work of this contract consists of the collection of recyclables from apartments, community clubs and a limited number of small commercial premises using both carts and/or front-end containers and the transportation of collected materials to the City's designated processing facility.

The Bid Opportunity closed on May 26, with bids being received as follows:

Alternative 1 – Award as a whole

BFI Canada Inc.	$673,142.00/year[1]
Waste Management of Canada Corp.	$862,263.60/year
Halton Recycling Ltd. dba International Paper Industries	$966,088.50/year
Johnson Waste Management Ltd.	No Bid

Alternative 2 – Award by Section

	Cart Collection	Front - End Collection
BFI Canada Inc.	$381,637.00/year[1, 2]	$223,007.00/year[1, 2]
Waste Management of Canada Corp.	$653,613.60/year	$208,650.00/year
Halton Recycling Ltd. dba International Paper Industries	$699,613.50/year	$304,475.00/year
Johnson Waste Management Ltd.	No Bid	$223,365.30/year[1]

[1]Corrected amount due to a mathematical error.

[2]Both sections of the Alternative 2 – Award by Section, bid submitted by BFI Canada Inc., had errors in their submission. During the bid opening it became apparent that significant mathematical errors were made on both Form B:Price submissions for Alternative 2 – Award by Section. When the sum of the quantities multiplied by the unit prices are added in accordance with clause B14.4.1 of the tender document, the total did not equal the Total Bid Price submitted and it becomes apparent that a transposition error had been made in the unit prices for both alternatives. BFI Canada Inc. has also confirmed by letter that their bid was submitted incorrectly and has asked to have their bid withdrawn. Therefore it is recommended that because of an error apparent on the face of the bid, BFI Canada Inc., be allowed to withdraw their bid for Alternative 2 - Award by Section.

It is in the best interest of the City to award the contract as a whole (Alternative 1) as it will save the City approximately $190,000 per year as compared to awarding each section separately.

The recommended bid is 44% lower than the pre-bid estimate. This is because of the competitiveness of the market within Winnipeg which has resulted in greater than anticipated savings.

This is a 6 year contract with a total recommended amount of $4,038,852.00 plus GST and MRST as applicable.

Solid Waste Services staff of this Department are satisfied that the low Bidder has the necessary resources to perform all of the work in accordance with the requirements of the specifications. The low Bidder has satisfactorily carried out previous collection works of a similar nature.

The Manager of Materials Management Branch has advised that each of the bid submissions was accompanied by a appropriate bid securities, which have been certified by the Legal Services Division.

The bid recommended for acceptance is the low bid meeting all requirements of the specifications. This offer is open for acceptance until August 9, 2006.
