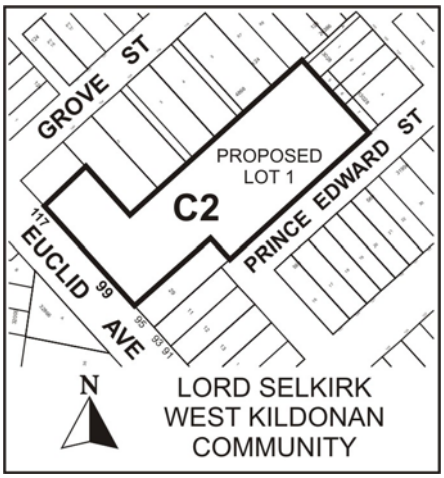
Subject: **Application to consolidate two lots into one lot and to rezone the subject lands from "R2" Two-Family Residential to "C2" Commercial for the construction of a day care, art studio, laundromat, and restaurant.**

Location: **99 - 105 Euclid**



Applicant: **Sistars Child Care Inc. (Linda Bradley)**
Owner: **City of Winnipeg**

Recommendation: **Approval**

Site Description

The subject property, which is currently zoned "R2" Two-Family Residential, is located on Euclid Avenue between Grove Street and Barber Street, in the North Point Douglas neighbourhood of the Mynarski Ward.

North: Residences zoned "R2" Two-Family Residential and a commercial use, zoned "C1" Commercial
South: **Residences zoned "R2-T" Two-Family Transitional Residential**
East: Residences zoned "R2" Two-Family Residential
West: Residences zoned "R2-T" Two-Family Transitional Residential

Description of the Proposed Development
SISTARS Community Development Co-op Inc. is proposing to develop a Community Hub, which will provide day care, after school programs, community based college level opportunities, art, health resources, a seniors' drop in, a café, and a laudromat to the North Point Douglas community. SISTARS hope that the Hub, which will also include the renovation and adaptive reuse of the historic Barber House, will be a focal point for community renewal in North Point Douglas.

SISTARS, who currently has an offer to purchase the subject lands from the City of Winnipeg, is requesting approval to rezone and assemble the lands into one parcel in order to establish these uses on the site.

Analysis

Plan Winnipeg Compliance
The subject parcel falls within a designated Neighbourhood Policy Area under Plan Winnipeg, which allows for a variety of residential, commercial, institutional, and mixed uses; thus, the proposed rezoning is in conformance with Plan Winnipeg 2020.

Compliance with other Policy and Plans
Key goals of the North Point Douglas Housing Plan, include the following:
- Develop community services and amenities
- Build community spirit
- Build positive people from within
- Foster community action and activity

In the plan, residents also indicated the need for more daycare facilities and a laudromat.

With that said, the proposed project is a grass roots community effort to realize these goals and to provide the services and support that are desired by the community.

Compatibility with existing neighbourhood and surrounding uses
The subject site, which is vacant, excepting Barber House, is adjacent to residences on three sides. While the applicant has applied for "C2" Commercial zoning, because it provides the most flexibility for the site, they have indicated that they are open to a Zoning Agreement which would place restrictions on the type of commercial uses that could be established. In light of this, conditions are being recommended which will limit the impact of a "C2" Commercial use on adjacent properties.

Transportation and Site Access
Vehicular access to the site will be off of Prince Edward Street. The applicant is proposing a day care drop off area in the City right-of-way (Prince Edward Street) and is providing a total of 8 parking stalls. Given that Prince Edward Street is quite narrow, the Division supports the drop off - believing it will provide more safety for children and improve vehicular circulation on the street. It should be noted that no boulevard trees would be lost as a result of the drop off area.

Parking
There are a limited number of parking spaces provided on site. Consequently, the Division is recommending that prior to the issuance of development permits for each future phases of this project, an updated parking study be submitted to the Director of Planning, Property, and Development. This requirement will provide an ongoing review of parking, to ensure that an adequate supply is in place.

Site Design Issues
The project includes a total of four buildings, which will be phased over time. The first building to be developed will include a daycare center and space for community programs (9,070 square feet). Later phases include the Barber House (1,750 square feet), which will be completely renovated and used as a daycare satellite space, a 1,700 square foot laundromat and café fronting onto Euclid Avenue, and a 1,475 square foot art studio located towards the rear of the property.

The design also includes several community gardens as well as a large amount of open space between buildings.

It should be noted that the site design was based on a survey of 225 households in North Point Douglas and through a process of ongoing community consultations with adults and school children from the community.

Public Input
On July 13, 2005, a community consultation was held where community participants voted almost unanimously to support this project and the above stated end uses for the site.

Heritage
Provincial and City of Winnipeg Heritage officials support the proposed exterior renovations to Barber House, which is a designated Provincial and City of Winnipeg historic site. However, at the time of this writing, final approval from the Province and the City's Historical Buildings Committee is still pending.

Recommendation

The Planning and Land Use Division recommend approval for the following reasons:
- **The proposal has broad community support**
- **It forwards the visions and goals of the North Point Douglas Housing Plan**

- **The proposal meets Plan Winnipeg policies which allow for a variety of uses in the Neighbourhood Policy Area**
- **The proposal is compatible with the area**
- **The proposed use will not create an adverse effect on the amenities, use, safety and convenience of the adjoining properties and adjacent area;**
- **Restrictions on the type of commercial uses that can be established have been included**

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 28/06 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 28/06, attached hereto and dated June 30, 2006, for registration in the Winnipeg Land Titles Office.
