Minute No. 597
Report - Standing Policy Committee on Infrastructure Renewal and Public Works – September 13, 2011

Item No. 5 2012 Capital Local Street Renewals, Alley Renewals and Granular Roadway Improvements – Delegated Authority to the Director of Public Works

COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Infrastructure Renewal and Public Works, as amended, and adopted the following:

1. That the projects as shown in Attachment 1 for the 2012 City of Winnipeg funded Capital Local Street Renewals, Alley Renewals and Granular Roadway Improvements, be approved.

2. That any new projects using surplus funds in the 2012 Regional and Local Street Program be approved by the Standing Policy Committee on Infrastructure Renewal and Public Works.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report - Standing Policy Committee on Infrastructure Renewal and Public Works – September 13, 2011

DECISION MAKING HISTORY:

Moved by Councillor Vandal,

That the recommendation of the Standing Policy Committee on Infrastructure Renewal and Public Works be adopted

In amendment,

Moved by Councillor Vandal,
Seconded Councillor Wyatt,

THAT Recommendation 2 of the Report of Standing Policy Committee on Infrastructure Renewal and Public Works dated September 13th, 2011 be deleted and replaced with:

"2. That any new projects using surplus funds in the 2012 Regional and Local Street Program be approved by the Standing Policy Committee on Infrastructure Renewal and Public Works."

Carried

The motion to adopt the item, as amended, was put and declared carried.

Councillor Wyatt asked to be recorded as having voted against the item, as amended, in accordance with Rule 47.7 of the Procedure By-law.

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On September 21, 2011, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Infrastructure Renewal and Public Works and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On September 13, 2011, the Standing Policy Committee on Infrastructure Renewal and Public Works concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: 2012 CAPITAL LOCAL STREET RENEWALS, ALLEY RENEWALS AND GRANULAR ROADWAY IMPROVEMENTS

Critical Path: STANDING POLICY COMMITTEE ON INFRASTRUCTURE RENEWAL AND PUBLIC WORKS

AUTHORIZATION

Author	Department Head	CFO	CAO
L. P. Deane, Manager of Engineering	B.W. Sacher, P.Eng. Director of Public Works	Paul Olafson Acting CFO	Alex Robinson Deputy CAO

RECOMMENDATIONS

1. That the projects listed in Attachment 1 be approved for the 2012 City of Winnipeg funded Capital Local Street Renewals, Alley Renewals and Granular Roadway Improvements.

2. That the Director of Public Works be delegated authority to identify new projects using surplus funds in the 2012 Regional and Local Street Program.

REASON FOR THE REPORT

The approval of individual projects for Local Street Renewals, Alley Renewals and Granular Roadway Improvements is required from the Standing Policy Committee on Infrastructure Renewal and Public Works.

The projects listed in Attachment 1 are to be funded by the 2012 Capital program, once adopted by Council.

IMPLICATIONS OF THE RECOMMENDATIONS

The proposed 2012 Capital Budget includes capital funding of $10,000,000 for Local Street Renewals, $2,750,000 for Alley Renewals and $3,000,000 for Granular Roadway Improvements. Of the $3,000,000 budgeted for Granular Roadway Improvements, $1,500,000 will be used for gravel road reconstructions.

Attachment 1 lists the local streets, alleys, and gravel roads recommended for renewal in 2012. In the event that Council adopts a lesser budget for Local Street Renewals, Alley Renewals or Granular Roadway Improvements, or bid prices are higher than estimated, the Director of Public Works will determine which locations would be deferred to 2013.

In the event that surplus funding accrues upon advertising the projects, it is recommended that the Director of Public Works be delegated authority to identify new projects utilizing surplus funds in the 2012 Regional and Local Street Program.

HISTORY

The following were taken into consideration in developing the list of recommended locations for renewal:

- The distribution of the local street renewal projects among the fifteen wards of the City is based on the proportion of local street renewal needs in each ward compared to City wide needs. The most recent ratings from the Pavement Condition Rating system were used to determine the distribution of local street renewal projects.
- The alley renewals are distributed among four wards with the highest number of alleys in poor condition.
- The gravel road reconstruction projects have been identified as priorities based on safety, traffic volumes, routes continuity and excessive maintenance costs. Ferrier Street from Templeton Avenue to Murray Avenue and Murray Avenue from Ferrier Street to Gateside Road were identified in the 2010 Report for surveys, design and property acquisitions only in 2010, with construction planned in 2011. Due to insufficient funds, Murray Avenue was deferred to 2012. In preparing the 2012 Capital Estimates, Murray Avenue from McPhillips Street to Ferrier Street is being proposed as a gravel road reconstruction project. It is further proposed that the 2011 Murray Avenue project be combined with the proposed 2012 Murray Avenue project, with construction to be carried out in two phases of approximately 1000 metres each, at an estimated cost of $1,500,000 for each phase, in 2012 and 2013.

The attached lists of proposed local street renewals and alley renewal projects have been reviewed with the respective ward Councillors.

FINANCIAL IMPACT

Financial Impact Statement **Date:** August 5, 2011

Project Name: **First Year of Program** **2012**

2012 Capital Local Street Renwals, Alley Renewals and Granular Roadway Improvements

	2012	2013	2014	2015	2016
Capital					
Capital Expenditures Required	$ 15,750,000	$ -	$ -	$ -	$ -
