I would like my support for the motion of twinning Wilkes be on public record for Item 5 on November 8th, 2017.
Dear Mayor Bowman,

My name is Jayson Bellingham and I reside at _____, where I have lived for 42 years. I am **NOT** in favour of the proposed road alignment of the William R. Clement Parkway, from Shaftsbury to the Perimeter, that puts a four-lane road through the middle of our beautiful residential community. However, I AM in favour of aligning the road so that it is contiguous with the existing Wilkes Avenue right-of-way. I live in the house my parents built. It has sentimental value to not only myself but to my wife and my two daughters. We were hoping that when my wife and I were ready to downsize, one of our daughters would be interested in buying our property. However, the proposed alignment puts three out of four sides of my property directly affected by the project and therefore rendering the value of my property as worthless.

Please put the quality of community life before business interests. Please vote to support Item No.5 on November 8, 2017.

Thank you,
Jayson Bellingham
