Your Worship and Councillors

Re: Submission on behalf of Unicity Taxi, Duffy's Taxi, Spring Taxi, Blueline Taxi, London Limos and other Limousine Companies

In anticipation of our appearance tomorrow morning, it is my privilege to provide a Submission on behalf of our clients in opposition to the application of Avion Services Corp.

For ease of reference, I do draw your attention to the single page Executive Summary that appears at the beginning of the Submission. Also if time permits, I would invite each of you to scan the 11 pages of text that appear immediately after the Executive Summary.

During the oral presentation tomorrow, it will be my intention to touch only very briefly upon certain of the key points in our Submission and to draw your attention at the same time to the most important elements of the supporting documents included as Tabs A – M, respectively. It will also be my pleasure to field any questions that might be posed.

I will leave matters at this for now.

Yours truly,

MONK GOODWIN LLP
