Re: Proposed Sale/Exchange of Lands between 4525982 Manitoba Ltd. and the City of Winnipeg - Henderson Highway at Essar Avenue
East Kildonan-Transcona Community
North Kildonan Ward

For submission to: **Standing Policy Committee on Property and Development**

Original report signed by: **Director of Planning, Property and Development**

Report date: September 28, 2004

Recommendation(s):

That consideration be given to the Offer to Purchase submitted by 4525982 Manitoba Ltd in respect to the subject property and that the Director of the Planning, Property and Development Department be provided with direction in this regard.

REPORT SUMMARY

Key Issues:

4525982 Manitoba Ltd. the owner/developer of the lands adjacent to the City owned lands requested that the City consider the sale or exchange of its property to facilitate the construction of a commercial development at 1366 Henderson Highway.

The Ward Councillor does not support the sale of the southwesterly triangular portion of Parcel "Y". He is only prepared to support the sale of the subject property ("Parcel "X" and Parcel "Y" on Misc. Plan No. 12150/4) along Essar Avenue for the purposes of residential infill single-family housing development. The developer/owner's proposal would be subject to a public hearing related to rezoning portions of the site. Therefore, the proposed transaction described in this report would likely be finalized only if the rezoning is approved.

The City owned vacant lands, PARCELS "X" AND "Y" (except for Parcel "A", Plan 30604 zoned "C2" Commercial District) are currently zoned "R1-5" (formerly parkland) and were declared surplus by 2/3 majority of Council on January 25th, 1989.

In order for the City to sell or exchange the south-westerly triangular portion of Parcel "Y", which lands were previously acquired for parks and recreational purposes, the lands must be declared as surplus to the City's needs by 2/3 majority of Council in accordance with The City of Winnipeg Charter Act.

Approval of the transaction in accordance with the price, terms and conditions of the attached Offer To Purchase would result in net revenue for the City. Additionally, the City in exchange for a Receipt of Charitable Donation would reacquire at no cost, Parcel "X" which would by then be rezoned to "PR1", Parks and Recreation District and appropriately landscaped.

The City would also be acquiring, for the sum of $6,100.00, additional parkland frontage with "B & C" grade habitat along Henderson Highway together with an easement at no cost for a pedestrian pathway allowing area residents east-west access to and from the City parklands over the 4525982 Manitoba Ltd. lands.

Recently, by a letter dated September 17, 2004, and a letter dated September 22, 2004, there have been other expressions of interest in acquiring the City owned lands on Essar Avenue for the purposes of constructing infill residential housing. However, the proposal described in this report is the result of the earliest expression of interest from April 2004.

The owner/developer of the lands advises that its option to purchase the lands at 1372 Henderson Highway will expire shortly and, therefore, requires that Council consider this matter at its October 27, 2004 meeting.

Implications of the Recommendation(s):

General implications:

	None
	For the organization overall and/or for other departments
X	**For the community and/or organizations external to the City of Winnipeg**
	Involves a multi-year contract

Comment(s):
Approval of the Offer to Purchase (Alternative 1.) would result in the East Kildonan-Transcona Community obtaining two parcels of parkland totaling some 11,613 square feet, a free pathway easement and its Land Dedication Account receiving approximately $110,300.00 ($116,400.00 less $6,100.00 and incidental costs for Parcel "Z").

Policy implications:

X	**No**
	Yes

Comment(s):

Environmental implications:

	No
X	**Yes**

Comment(s):
If Alternative 1 is selected the City would be acquiring some environmentally sensitive lands (Parcel "Z") containing "B&C" grade habitat.

Human resources implications:

X	**No**
	Yes

Comment(s):

Financial implications:

X	Within approved current and/or capital budget
	Current and/or capital budget adjustment required

Comment(s):
Selection of either alternative would not require any City funding.

REASON FOR THE REPORT:

The City has received an unsolicited Offer to Purchase, which requires consideration as follows:

The Standing Policy Committee on Property and Development has the authority to accept or reject sales of City-owned property once they have been declared surplus to the City's needs. In order for the City to sell the southwesterly triangular portion of Parcel "Y", Council by 2/3 majority must declare the lands surplus to the City's needs.

The developer has proposed the donation of some lands to the City and Council must approve any donation of lands, together with an appropriate source of adequate funding to cover incidental and related costs.

Council must approve the proposed acquisition of Parcel "Z", as it is not part of any previously approved Council program.

The Ward Councillor does not support the sale of the City-owned Parcels X and Y, shown on attached Misc. Plan No. 12150/4 for any purpose other than single-family residential infill housing. Accordingly the Director of the Planning, Property and Development Department, by this report, is seeking direction from the Standing Policy Committee on Property and Development.

HISTORY:

Essar Lands:

City records show that the City owned lands (shown as Parcel "X" and Parcel "Y" on Misc. Plan No. 12150/4, with the exception of a small triangular portion legally described as Parcel "A", Plan 30604 and Parcel "C", Plan 24130) were acquired by the City in 1929 and 1934 for Parks purposes.

On January 25, 1989, a 2/3 majority of Council declared the same City owned lands shown as Parcels "X" and "Y" on attached Misc. Plan No. 12150/4 (including Parcel "C", Plan 24130 but not including Parcel "A", Plan 30604) surplus to the City's needs and available for sale.
That the south-westerly triangular portion of Parcel "Y" (legally described as Parcel "A", Plan 30604) shown attached Misc. Plan No. 12150/4, having been acquired for park and recreational purposes pursuant to Zoning Agreement 206/93, will require that a 2/3 majority of Council declare it surplus to the City's needs in accordance with The City of Winnipeg Charter Act, Statutes of Manitoba 2002, Chapter 39, Section 205(2).

In accordance with City policy, the Ward Councillor has been consulted regarding the notion to declare the aforesaid Parcel "A" surplus to the City's needs. The Councillor does not support the sale of "Parcel A"; his complete comments are provided within the "Discussion" section of this report.

Particulars of the City owned lands Parcel "X" and "Y", Misc. Plan No 12150/4, are as follows:

Location:	Southside of Essar Avenue, West of Henderson Highway
Legal Description:	Parcels S& C Plan 24,130, Parcel A, Plan 30604

Assessed Value (2004):	Not apportioned
Current Taxes:	Exempt from taxes
Total Site Area:	1,535 square meters (16,523 square feet)
Property Description:	Vacant, unimproved, mostly rectangular, level parcel of land flanked by residential use on the west and north sides, and permitted commercial/industrial use on the south and east side.

Recently, by a letter dated September 17, 2004, and a letter dated September 22, 2004, there have been other expressions of interest (besides the Offer to Purchase described in this report) in acquiring the City owned lands for the purposes of constructing infill residential housing.

Former Bergen Cut-off Lands:

The 4525982 Manitoba Ltd. owned lands, and the lands shown on attached Misc. Plan 12150/4 as "City Owned Property" just east, and south of the 4525982 Manitoba Ltd. lands, were all once part of the abandoned CPR Bergen Cut-off.

In the fall of 1989, the City acquired title to part of the abandoned rail right-of-way, from the East River Park & Residential Company Ltd. (principals: Messrs. G. Hilderman & G. Tripp). The remainder of the lands was then sold by East River Park & Residential Company Ltd. to the Toronto Dominion Bank for the purpose of constructing a new bank building. After this date, the TD Bank acquired Canada Trust and consolidated their holdings under the name TD Canada Trust at a location in a strip mall several blocks to the south of the subject property and as a result, the lands were declared surplus to their needs. The lands were subsequently sold to the current owner 4525982 Manitoba Ltd.

The "C2"- Commercial District zoning on the now (former TD lands) 4525982 Manitoba Ltd. lands was established in 1993 under DAZ 206/93. The Zoning Agreement, executed as a

condition of the rezoning, restricted development of the land to a one-storey bank, credit union, or trust company, or a drive through automatic teller associated with one of those uses having a maximum main floor gross area not exceeding 8,000 square feet. The Agreement also required a portion of the land along the southern boundary to be used only for landscaping. It also provided for the dedication to the City of Parcels "A" and "C", Plan 30604, for parks and recreational purposes.

On June 18, 2003, the East Kildonan-Transcona Community Committee considered a Zoning Agreement Amendment Application (ZAA 08/03) to expand the list of permitted uses. The East Kildonan-Transcona Community Committee recommended that the use list be expanded to allow a wide range of commercial uses. The Standing Policy Committee on Property and Development (SPCPD) concurred in the East Kildonan-Transcona Community Committee recommendation and added “Liquor Sales” to this list and Council approved the amendment on July 23, 2003.

On July 21, 2003, the East Kildonan-Transcona Community Committee considered a further Zoning Agreement Amendment Application (ZAA 09/03) to remove the one-storey height limitation and the maximum building area restrictions, and to delete the requirement for landscaping along the south boundary. The Planning, Property and Development Department recommended that consideration be given to the height and building area amendments, subject to requiring additional restrictions relating to landscaped yards (set backs). The East Kildonan-Transcona Community Committee supported the developer’s request for a four-storey height and no restriction on the building size. The requirement for landscaping along the south property boundary was maintained, but no additional landscaped yards were required. The SPCPD concurred in this recommendation, and Council subsequently approved amendments on September 24, 2003.

On January 23, 2004, 4525982 Manitoba Ltd. purchased the property from the Toronto Dominion Bank. The principals of 4525982 Manitoba Ltd. are Marcel Chartier, Mark Olsen and Landstar Developments, which is controlled by the Olsen family.

By letter dated April 6, 2004, the City was asked to consider a proposal to enter into a land exchange with 4525982 Manitoba Ltd to facilitate development of the lands shown on attached Misc. Plan No. 12150/4 as “4525982 Manitoba Ltd. Lands”.

Ongoing negotiations have resulted in 4525982 Manitoba Ltd. submitting the Offer To Purchase that is currently under consideration.

DISCUSSION:

From a parks planning perspective, the old Essar Park (parcel X and Y) has been declared surplus by Council and, therefore, is not required for Parks and open space purposes. This land should be sold for another appropriate use. The current developer has agreed to the City's asking price. There is no guarantee that the next applicant will agree to this price. The reacquisition of

the landscaped parcel X will go a long way to screen the residential neighbourhood from the more intensive development on the site proposed to be assembled.

Additionally, the acquisition of Parcel Z in combination with the 7.0 meter Walkway Easement will allow a safe and aesthetically pleasing walkway entrance to Bergen Cutoff Park off of Henderson Highway. Bergen Cutoff Park, due to it being an abandoned railway line, is at a significantly higher elevation than the sidewalk on Henderson Highway. As a result, room is required to design a safe way for cyclists and people in wheel chairs to negotiate this steep slope without accidentally rolling out onto busy Henderson Highway.

4525982 Manitoba Ltd. advises that it is attempting to complete a land assembly to provide enough developable area to satisfy a potential tenant's needs, as well make the development as attractive and non-intrusive as possible for the community and the immediate residents. The developer has already acquired an additional interest (Option to Purchase by way of non-refundable Option deposit) in the adjacent privately owned lands known as 1372 Henderson Highway, and hopes to acquire the City-owned lands (effectively only Parcel "Y") and rezone them to a "C2" Commercial District in order to complete the land assembly and satisfy its tenant's requirements.

The developer requires only a portion of the City-owned lands shown as Parcel "Y" on Misc. Plan No. 12150/4 but is willing to acquire both Parcels "X" and "Y" at the City's full estimated market value, then gift back the Parcel "X" portion in a landscaped condition once the development is complete. The reason for this is because the Planning, Property and Development Department expressed the opinion that Parcels "X" and "Y", which are actually one holding, would be capable of being developed as 3 residential building lots with an estimated net market value of $116,400.00. The sale of the Parcel "Y" portion would decrease the depth of the residential building lots so much as to render them impossible to be properly developed into residential lots. The developer, to facilitate acceptance of the Offer To Purchase, is prepared to buy the entire City-owned lands and gift back the Parcel "X" portion, subject to a 4m wide access easement for periodic maintenance of the proposed adjacent building.

The Planning, Property and Development Department has expressed an interest in acquiring the developer's lands shown as Parcel "Z" in order to increase the City's parks frontage on Henderson Highway and to protect some environmentally sensitive "B" & "C" grade habitat located on the Parcel "Z" lands. The Planning Property and Development Department has also requested that the developer grant an easement shown as "Pathway Easement – 7.0 wide" on attached Misc. Plan No. 12150/4 to maintain a pedestrian pathway, which is used by area residents to enable direct access thru the City owned parklands over the developer's lands for access to and from Henderson Highway.

The developer, as per the terms and conditions of the attached Offer To Purchase, will be responsible for attending to and paying for all incidental costs involved in concluding the proposed transaction, including but not limited to preparing subdivision plans, rezoning and variance applications, any dedication fees, etc. The City will be responsible only for its own legal expenses and any incidental Winnipeg Land Title Office charges for land transfer costs of

lands transferred to the City and registration costs for Caveats registered by the City for its benefit.

The Planning, Property and Development Department has considered the following aspects of the attached Offer To Purchase and provides the following comments:

> It would allow the City to divest itself of some of its surplus lands at full estimated market value, then reacquire over half of the lands back for park purposes in a landscaped condition at no direct cost to the City, the landscaping to be to the satisfaction of the Director of Planning, Property and Development Department
>
> The City would increase its' parkland frontage and vista on Henderson Highway as well as acquire some environmentally sensitive “B & C” grade habitat.
>
> It would allow the developer to proceed to try and obtain the various approvals required to permit development of its lands
>
> There would be an opportunity to revisit the existing zoning conditions if the old Essar Park (zoned residential) were to be included in a new commercial development.
>
> The City would be increasing its property and business tax base.
>
> The City would be acquiring, at no cost, a pathway easement to legitimize the use of a publicly used pathway over private property.
>
> The proposed commercial development may possibly have a negative impact on the adjacent primarily residential neighbourhood that any conditions placed on the required rezoning may not entirely be able to address.

It should be noted that the developer/owner’s proposal would be subject to a public hearing related to rezoning portions of the site. This transaction would likely be finalized only if the rezoning is approved.

The Ward Councillor does not support the sale of Parcel A, Plan 30604. He is only prepared to support the sale of the subject property ("Parcel "X" and Parcel "Y" on Misc. Plan No. 12150/4) along Essar Avenue for the purposes of residential infill single-family housing development. This is congruent with both the current R1-5 zoning of the property and the adjacent and surrounding single family housing. He is of the understanding, based on an inquiry to his office some time ago, that there may be an additional expression of interest or offer to purchase for the City-owned lands along Essar Avenue formerly known as "Essar Park". Recently, the Planning, Property and Development Department has received expressions of interest; however, the proposal described in this report is the result of the earliest expression of interest from April 2004.

There are two alternative courses of action as follows:

Alternative 1 – Accept the Offer to Purchase from 4525982 Manitoba Ltd.

If this alternative is selected and Council finds the Offer to Purchase herein acceptable, then a series of recommendations should be approved as follows:

That the proposed sale of City owned lands shown as Parcel “X” and Parcel “Y” on the attached Misc. Plan No. 12150/4, be approved at a price of $116,400.00 and in accordance with the terms and conditions of the attached Offer To Purchase.

That Council, by two-thirds majority, in accordance with The City of Winnipeg Charter Act, declare as surplus to the City’s needs the southwesterly triangular portion (legally described as Parcel "A", Plan 30604) of Parcel "Y", shown attached Misc. Plan No. 12150/4.

That once Parcel "X" has been rezoned to a "PR1" Parks District and appropriately landscaped, the City reacquire for parkland PARCEL “X” from 4525982 Manitoba Ltd., in exchange for a Receipt of Charitable Donation in accordance with terms and conditions outlined in the attached Offer To Purchase.

That once Parcel "Z" is rezoned to a "PR-1" Parks and Recreation District, the City acquire same, shown on attached Misc. Plan No. 12150/4, for a price of $6,100.00 in accordance with the terms and conditions of the attached Offer To Purchase.

That any net proceeds from the sale of the City lands (after payment for PARCEL “Z” and incidental costs) be credited to the East Kildonan – Transcona Land Dedication Reserve Account.

That the City acquire from 4525982 Manitoba Ltd., at no cost, an easement over the lands shown as “Pathway Easement – 7.0 m wide” on attached Misc. Plan No. 12150/4.

That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Alternative 2 – Reject the Offer to Purchase from 4525982 Manitoba Ltd.

If this alternative is selected, the following recommendation should be approved:

> That the Offer to Purchase from 4525982 Manitoba Ltd. be rejected, and that the Director of the Planning, Property and Development Department be instructed to offer the City owned lands on Essar Avenue for public sale to be used as detached, single family residential building sites.
