IMPLICATIONS OF THE RECOMMENDATIONS

Following Council's receipt of the *OurWinnipeg Report to the Community* as information, the report will be submitted to the Minister of Local Government.

DISCUSSION

On July 22, 2011 City Council gave third reading to *OurWinnipeg,* the City's new development plan. The plan officially came into force and effect on August 17, 2011 replacing *Plan Winnipeg 2020 Vision*. *OurWinnipeg* sets out the goals, policies and guidelines intended to direct all physical, social, environmental and economic development now and into the future.

The *OurWinnipeg Report to the Community, 2013* is the second annual report on *OurWinnipeg* and provides high level highlights of activities connected to key areas of the plan from the last 12 months.

The report is 40 pages in length and contains 19 sections, each representing a key *OurWinnipeg* policy area. Each section of the report begins with a high level introduction, and includes the following components:

- Policy Direction – Provides an overview of *OurWinnipeg* and other policies that are relevant to the section.
- Recent City and Community Activities – Four to six highlights from the last year that are most relevant to this section.
- Tracking Progress – provides a high level overview of how this area has changed over the last year and the accumulated result of activities in this area.
- Web links and photos

The *OurWinnipeg Report to the Community* was coordinated by the Urban Planning Division, with considerable support, input and contribution from across the organization.
