RECOMMENDATIONS

1. That the proposed lane closing as shown on Misc. Plan No. 14476/1 be approved and that the land be declared surplus to the City's needs.

2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the lane closing in accordance with Misc. Plan No. 14476/1, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the lane closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Chris Nelson of Lombard North Group Ltd., representing the property owners of No. 474 Wellington Crescent, to close and purchase the portion of the public lane so identified on the attached copy of Misc. Plan No. 14476/1. It is the intention of the property owners to acquire the subject lane closing area as an addition to their existing holding which is currently being developed as a single family residence.

The subject closing area was opened by Plan No. 700 and registered in the Winnipeg Land Titles Office in September of 1902. At that time, the public lane's terminus was coincident with the northerly limit of Lot 21 Plan 700 WLTO immediately to the west. The closing area comprises 45.5 m² and appears to have been created for turnaround purposes. With a subsequent public lane opening created by Plan No. 822 and registered in the Winnipeg Land Titles Office in May of 1904, the lane was extended northwards to Kingsway. The turnaround area is now redundant and serves no apparent public transportation purpose.

CONSULTATION

In preparing this Report there was consultation with:

Internal Consultation:

There was consultation with the affected Civic departments.

APPENDIX "A"

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the lane closing.

Easements

Manitoba Hydro has identified existing services within the closing area and will require an easement for these existing facilities. No permanent structures will be allowed within the easement area.

Any removal or relocation of existing facilities as a result of the proposed lane closing will be at the expense of the applicant.

Transfer of Jurisdiction Over Public Rights-of-Way

The lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
