WHEREAS many if not all community centres are often closed during the summer months particularly in neighbourhoods where children and youth could benefit from centres being opened;

THEREFORE BE IT RESOLVED THAT the public service be requested to prepare a report that identifies which community centres are currently kept open throughout the city and what costs and issues would need to be considered to keep some community centres open during the summer months, identifying which target centres would be most beneficial for our children and youth and that this report be provided for Council consideration within 60 days.
