RE: Varsity View Community Centre, Community Incentive Grant

Dear Bill Clement,

I am writing to you on behalf of Varsity View Community Centre, to advise you that we will no longer be able to use the entire amount of our Community Incentive Grant that was approved for our Community Centre.

Due to the financial situation that our club is currently in, we are not able to go forward with the plans we had originally proposed.

We were given approval for $50,000.00 for the budget year of 2003. To date we have used $20,484.77 of this amount. We would like to have the remainder of this amount held for us to use in the near future, should our finances allow.

The second $50,000.00 that was approved for the budget year of 2004, we would like to turn back to you. Unfortunately, as much as we would like to further renovate and enhance or facility, we are not in the financial position at this time to be able to match those funds.

In closing, I would like to thank you for your continued support and commitment to our Community Centre.

Sincerely,

Scott Clarke
President
Varsity View Community Centre
