REASON FOR THE REPORT:

All street and lane closings within the boundaries of the Downtown Winnipeg area, as defined by By-Law 4800/88, require the consideration of the Standing Policy Committee on Downtown Development.

HISTORY:

Ship Street Development Ltd. has acquired the lands on the west side of Waterfront Drive between Bannatyne and McDermont Avenues as part of CentreVentre's initiative to develop Waterfront Drive. The company intends to develop the property as a residential condominium site, with light commercial use at street level.

The building planned for the site does not fit on the property. In November of 2004, an application was received from Mr. Ross McGowan of McGowan Russell Architects, on behalf of Ship Street Development Ltd., to acquire portions of the adjacent streets to increase the area of the holding to accommodate the planned building.

On February 7, 2005, the Standing Policy Committee on Downtown Development considered DAC 27/2004, an application to close the portions of Bannatyne Avenue and Waterfront Drive shown as "Proposed Closings" on the attached Misc. Plan No. 12467/2 and recommended that Council approve the street closings. Council, on February 23, 2005, concurred in the recommendation.

Upon further review, the applicant has advised that the lands shown, as "Additional Closings", on Misc. Plan No. 12467/2 are also required. The additional portion of Waterfront Drive is critical to the project, as the southwest corner of the condominium building will occupy it. The additional closing of Bannatyne Avenue is required for a cabinet containing electrical services for the condominium.

DISCUSSION:

Administrative Approval

All affected City departments and public utilities have considered the proposal. There are no administrative objections to the additional closings.

Relocation of Manitoba Hydro Duct Line

Manitoba Hydro has a duct line within the portion of Bannatyne Avenue proposed to be closed. The applicant will be required to relocate this line.

Transfer of Jurisdiction Over Public Rights-of-Way

The streets must be legally closed before they may be transferred to the applicant. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.

Financial Impact Statement Date: March 21, 2005

COMMENTS:

All costs associated with this proposal will be borne by the applicant. There is no financial impact.
