DECISION MAKING HISTORY:

COMMUNITY COMMITTEE RECOMMENDATION:

On April 4, 2007, the Lord Selkirk-West Kildonan Community Committee passed the following motion, namely:

WHEREAS the Burrows Central Residents Council (BCRC) has expressed an interest in developing a Neighbourhood Resource Centre, by partnering with existing community organizations (MamaWiChita, Ndinawe, Age & Opportunity, Graffiti Art Gallery, and others) at the Boyd Park Centre;

AND WHEREAS Boyd Park Centre has been removed from the Community Centre Inventory since July 2006;

AND WHEREAS the City of Winnipeg, through the Building Communities Initiative, has invested a one-half share of $354,000.00 to redo the soccer field and install a new water splash pad, and a new play structure at Boyd Park;

AND WHEREAS the BCRC has secured federal funding in the amount of $112,056.00 over a two year period to hire a Coordinator for its "People Helping People Project" focusing on seniors, youth and safety issues;

THEREFORE BE IT RESOLVED

The Department of Public Safety and Emergency Preparedness (PSEPC) is pleased to provide funding in the amount of $112,134 for the project entitled "*People Helping People – Safe and Healthy Communities*" submitted by the Burrows Central Residents Council.

Funding for this project is being provided in the context of the Government's commitment to reduce crime and enhance the safety of our communities. Funding provided through the National Crime Prevention Strategy, administered by PSEPC, enables communities to take concrete action to deal with local crime problems.

The Government of Canada is also committed to ensuring that the funds it approves achieve measurable results. Performance reporting is a critical tool in the Government's efforts to demonstrate value for money to Canadians.

To this end, we are asking you to submit a report within three months of project completion outlining the concrete and measurable results achieved. Furthermore, please be advised that, while there is no assurance that the Government will provide future funding to your organization, an important criteria for future funding will be the extent to which your project helped reduce crime in your community.
