Dear Jo-Ann,

As per our telephone conversation I am requesting to be added to the agenda of the Executive Policy Committee of July 11, 2007. This request follows the previous letter sent regarding a name change of the French Quarter Biz. The opposition to this name change has developed into an effort to dissolve the French Quarter BIZ. It would therefore appear that in fairness and for all the members to have an opportunity to be heard that this matter should be laid over till September. It is important that enough time be allowed for all members to receive the letters (some are away on holidays), to do any consulting that may be needed (head offices etc.). The members must also be given the time to make a decision without feeling pressured. Allowing time for all members to be heard and thus resolve this matter with a true sense as to what the members desire make the request for a delay justified. The papers went out to the businesses over the last few days with a few members still to receive theirs. We do have some replies back and more are coming in each day. Those replies that we have received in the first week will be presented at the meeting on July 11, 2007.
