EXECUTIVE SUMMARY

The Public Service is recommending that the Chief Administrative Officer be delegated the authority to award two construction contracts, each exceeding $5,000,000.00, associated with the 2017 Regional and Local Streets Program for the Industrial/Commercial Road program and for the Ellice Avenue Rehabilitation/Reconstruction project, within the Council approved budget.

The purpose of the recommendations is to expedite the award process for the construction contracts associated with the 2017 Regional and Local Streets Program for the Industrial/Commercial Road program and for the Ellice Avenue Rehabilitation/Reconstruction project.

For both projects, this will allow the work to commence as early as possible in the 2017 road construction season and allow the contractor sufficient time to complete the majority of work in the 2017 season.

RECOMMENDATIONS

1. That the Chief Administrative Officer be delegated the authority to award a construction contract exceeding $5,000,000.00, associated with the 2017 Local Street Renewal Program – Industrial/Commercial Roads, up to a maximum amount of $9,500,000.00

2. That the Chief Administrative Officer be delegated the authority to award a construction contract exceeding $5,000,000.00, associated with the 2017 Regional Street Renewal Program – Ellice Avenue Rehabilitation and Reconstruction – Erin Street to Arlington Street, up to a maximum amount of $7,500,000.00

3. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing.

REASON FOR THE REPORT

Pursuant to B8.2 of the City of Winnipeg Materials Management Policy, the Chief Administrative Officer is delegated the authority to award a contract where the value of the contract does not exceed $5,000,000.00 and there are sufficient funds in a budget approved by Council. Pursuant to The City of Winnipeg Charter, Council has the authority to delegate certain of its administrative powers, duties or functions to an employee.

IMPLICATIONS OF THE RECOMMENDATIONS

Upon approval of the recommendations, the Chief Administrative Officer will be able to approve an award of contract to the successful bidder without further Standing Policy Committee or City Council approval, thereby avoiding delays to project timelines and potential increased project costs.

HISTORY/DISCUSSION

The Regional and Local Street Renewal Program is the annual capital street renewal program of the Public Works Department's Capital budget, as adopted by Council.

The 2017 Capital Budget adopted by City Council on December 13, 2016, includes funding for Regional and Local Street Renewals in the amount of $105,180,000.00, with a total of

1. $8,600,000.00 for Ellice Avenue Rehabilitation/Reconstruction between Erin Street and Arlington Street; and

2. $10,425,416.00 for the Industrial/Commercial Road Rehabilitation/Reconstruction locations as follows:
    a. Beghin Ave – DeBaets St to Dugald Rd. $1,725,360.00
    b. Bournais Dr. – Dugald Rd to CNR Redditt $1,532,160.00
    c. DeBaets St. – Beghin Ave to Paquin Rd. $1,778,112.00
    d. Paquin Rd. (E. Leg) – DeBaets St. to Paquin Rd. S. Leg $1,068,480.00
    e. St. Matthew Avenue – Ferry Rd. to Century St. $4,321,304.00

For both projects – Ellice Avenue Rehabilitation/Reconstruction and the Industrial/Commercial Road Rehabilitation/Reconstruction locations, the professional consulting services have been awarded and design is ongoing. The budget amounts shown above identify the total estimated project cost which includes construction, engineering, overheads and, where necessary, utility relocations and property acquisition.

Bid Opportunities for construction are expected to be advertised by mid-May for Ellice Avenue and mid-June for the Industrial/Commercial Roads, with tender closings at the end of May for Ellice Avenue and at the end of June for Industrial/Commercial Roads.

Award of a contract by a standing committee of Council can take four to eight weeks depending on the bid opportunity submission deadline date relative to committee meetings. Approval of a contract award by the Chief Administrative Officer may be accomplished at an earlier date, allowing an earlier construction start.
