Agenda – Executive Policy Committee – September 20, 2017

Report – Standing Policy Committee on Infrastructure Renewal and Public Works – September 11, 2017

Item No. 2 Establishment of a James Avenue Streetscaping and Road Renewal 2017 Capital Project Budget

STANDING COMMITTEE RECOMMENDATION:

On September 11, 2017, the Standing Policy Committee on Infrastructure Renewal and Public Works did not concur in the recommendation of the Winnipeg Public Service and submitted the following to Council:

1. That $200,000.00 be approved for the cost of consultants related to streetscaping and road renewal in the Cultural District, including James Avenue and Amy Street, with the funding to be provided from the net sale proceeds of the Winnipeg Square Parkade.

2. That the Proper Officers of the City do all things necessary to implement the intent of the foregoing.

Agenda – Executive Policy Committee – September 20, 2017

Report – Standing Policy Committee on Infrastructure Renewal and Public Works – September 11, 2017

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On September 11, 2017, the Standing Policy Committee on Infrastructure Renewal and Public Works did not concur in the recommendation of the Winnipeg Public Service and submitted the following to Executive Policy Committee and Council:

1. That $200,000.00 be approved for the cost of consultants related to streetscaping and road renewal in the Cultural District, including James Avenue and Amy Street, with the funding to be provided from the net sale proceeds of the Winnipeg Square Parkade.

ADMINISTRATIVE REPORT

Title: Establishment of a James Avenue Streetscaping and Road Renewal 2017 Capital Project Budget

Critical Path: Standing Policy Committee on Infrastructure Renewal and Public Works – Executive Policy Committee - Council

AUTHORIZATION

Author	Department Head	CFO	CAO
B. Smith	J. Kiernan	M. Ruta	D. McNeil

EXECUTIVE SUMMARY

On March 23, 2011, Council approved the report of the Alternative Service Delivery Committee "Winnipeg Parking Authority - Projects for Immediate Action (Parkade Development)" which recommended *"that $8.3 million be allocated to pay down the debt of the Winnipeg Parking Authority to the City of Winnipeg; and that the City of Winnipeg hold these funds in an account to be used, subject to Council approval, for Streetscaping and architectural initiatives related to the James Avenue / North Portage Corridor parkade projects."*

This is separate funding from the $5.0 million allocated to the James Avenue Parkade Project which still remains available to support a parking structure in the East Exchange area.

This report requests that a new 2017 capital project budget of $2,000,000.00 be established over two years for streetscaping and road renewal in the Cultural District, including James Avenue and Amy Street (James Avenue Streetscaping and Road Renewal project), and that the funding be provided from the net sale proceeds of the Winnipeg Square Parkade. No additional cash-to-capital or debt financing is required.

The James Avenue Streetscaping and Road Renewal project will support the advancement of strategic public investments that reinforce the continued commitment made to the advancement of the downtown. This is seen as a continuation of the work previously completed on Market Avenue, Lily Street, Pacific Avenue, Elgin Avenue, and Bertha Street and is supportive of the work proposed in the North East Exchange Study.

The goal is to complete the work to support redevelopment projects happening at 109 James (James Avenue Pumping Station) and 104 James (new residential development). Preliminary designs include narrowing James Avenue, continuing sidewalk improvements by adding trees, pedestrian lighting and other civic infrastructure to support the burgeoning District. Attachment A shows the potential of James Avenue.

RECOMMENDATIONS

1. That a new 2017 capital project budget of $2,000,000.00 be established for streetscaping and road renewal in the Cultural District including James Avenue and Amy Street.

2. Subject to the approval of Recommendation # 1, that the funding for the new 2017 capital project (# 6351400417) budget entitled “James Avenue Streetscaping and Road Renewal” be provided from the net sale proceeds of the Winnipeg Square Parkade.

3. That the proper officers of the City do all things necessary to implement the inent of the foregoing.

REASON FOR THE REPORT

Council approval is required to establish Capital Project and/or Program Budgets.

IMPLICATIONS OF THE RECOMMENDATIONS

A 2017 budget for a “James Avenue Streetscaping and Road Renewal” capital project will be established.

No additional cash-to-capital funding is required as 100% of the budget is to be funded by proceeds of disposition of the Winnipeg Square Parkade.

The James Avenue project will support the advancement of strategic public investments that reinforce the continued commitment made to the advancement of the downtown.

HISTORY/DISCUSSION

On March 23, 2011, Council approved the report of the Alternative Service Delivery Committee “Winnipeg Parking Authority - Projects for Immediate Action (Parkade Development)” which recommended *“that $8.3 million be allocated to pay down the debt of the Winnipeg Parking Authority to the City of Winnipeg; and that the City of Winnipeg hold these funds in an account to be used, subject to Council approval, for streetscaping and architectural initiatives related to the James Avenue / North Portage Corridor parkade projects.”*

The James Avenue Streetscaping and Road Renewal project will support the advancement of strategic public investments that reinforce the continued commitment made to the advancement of the downtown. This is seen as a continuation of the work previously completed on Market Avenue, Lily Street, Pacific Avenue, Elgin Avenue, and Bertha Street and is supportive of the work proposed in the North East Exchange Study.

The goal is to complete the work to support redevelopment projects happening at 109 James (James Avenue Pumping Station) and 104 James (new residential development). Preliminary designs include narrowing James Avenue, continuing sidewalk improvements by adding trees, pedestrian lighting and other civic infrastructure to support the burgeoning District. Additionally, there is still potential for a parkade at James and Lily. Attachment A Renderings show the potential of James Avenue.

Other downtown projects which have benefited through this funding include:

- Market Avenue 2012 (Cultural District) – $2,500,000.00
- Donald and Hargrave 2014 (CentrePoint) – $1,200,000.00
- Elgin Avenue 2014 (East Exchange) - $800,000.00
- Lily Avenue 2016 (Cultural District) - $1,200,000.00
- *James Avenue 2018 (Cultural District) - $2,000,000.00 (subject to Council approval)*

Of the $8.3 million, approximately $600,000.00 would remain.

The ability to plan street renewal with new developments as well as streetscaping enhancements, historical interpretations, wayfinding, pedestrian connectivity with infrastructure renewal is the optimal way to realize value and complete rights-of-way that are well-planned.

The long-term policy vision and direction provided in OurWinnipeg, Complete Communities and “OurDowntown – Always a Priority” supports reinvestment in downtown neighbourhoods, including the Exchange District.
