REASON FOR THE REPORT:

In December 2003, the CentreVenture Development Corporation ("CentreVenture") advised that they support the request from 4804954 Manitoba Limited that the City transfer the existing approval for a tax credit to the new owner of the building.

In keeping with CentreVenture's established reporting relationship with the City, the Executive Policy Committee is identified as the Designated Committee for the purposes of administering this by-law.

HISTORY:

On September 29, 1999, Council "endorsed the spirit and intent of CentreVenture's Start-Up Business Plan."

On April 26, 2000, Council amended and adopted the creation of the CentreVenture Heritage Tax Credit Program as well as the CentreVenture Downtown Heritage Program.

On May 24, 2000, Council passed the CentreVenture Heritage Tax Credit By-law No. 7632/2000.

On June 25, 2003, Council amended the CentreVenture Heritage Tax Credit By-law No. 7632/2000 requiring all projects be substantially completed on or before December 31, 2004.

DISCUSSION:

On May 24, 2000 City Council approved the CentreVenture 2000 Heritage Tax Credit program with a $2.5 million budget. Over 13 applications have been approved.

On September 25, 2000 CentreVenture advised the previous owner of the former Birks Building that a CentreVenture 2000 Heritage Tax Credit was approved of up to $250,000, subject to the expenditure of a minimum of $500,000 in eligible costs. The proposed work was to replace the mechanical systems through the second to fourth floors.

Subsequently, the building has been sold to 4804954 Manitoba Limited who intend to invest over $4.2 million to rehabilitate the upper floors of the building and proposes to do the same work to upgrade the mechanical systems as the previous owner. The new owner also agrees to assume all obligations of the original applicant which include a legal agreement and having all eligible work completed by December 31, 2004.

The CentreVenture Tax Credit By-law No. 7632/2000 Section 13(2) states:

> "If the Designated Committee so approves and if the new Property Owner or Long-term Tenant of the designated building agrees to assume all obligations of the applicant as hereinbefore set out, the approved tax credit or portion thereof may be transferred to the new Property Owner or Long-term Tenant."

CentreVenture and the Administration request that the Executive Policy Committee approve the transferring of the heritage tax credit incentive to the new owner who will be able to bring a significant heritage vacant building on Portage Avenue back to life.

FINANCIAL IMPACT

This is a standard request and if approved will provide for the ongoing upkeep and maintenance of the building for the duration of the terms of the tax credit. There are no additional costs to the City beyond what was originally approved.

Financial Impact Statement **Date:** 17-Dec-03

COMMENTS:
