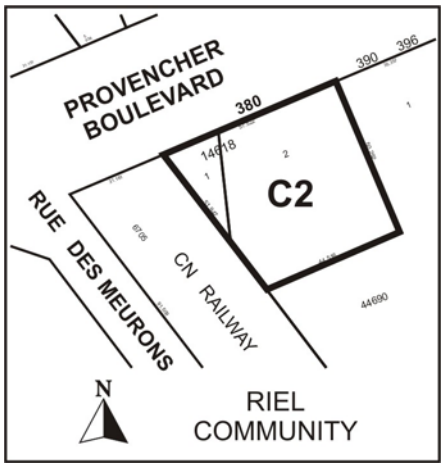
Subject: To amend By-Law No. 6400/94 by rezoning the land shown below from an "M-1" Industrial District to a "C2" Commercial District in order to facilitate the redevelopment of a gas kiosk and convenience store.

Location: 380 Provencher Blvd.

Legal Description: Lots 1 & 2, Plan 14618, RL 76 & 120 Parish of St. Boniface



Applicant: Cohos Evamy Integrated Design

Owner: Shell Canada

Recommendation: *Approval with conditions*

Site Description:

The overall site area totals 27,610 sq. ft. There is currently a small convenience store and gas kiosk at the centre of the site with the rear half of the lot being largely unused. The land is zoned "M1" Industrial. The adjoining properties to the immediate east and south are zoned "C2" Commercial upon which are situated two separate buildings. The smallest of the two buildings is a drive-through Robin's Donut outlet and the second structure is a multi-tenant facility with retail and restaurant uses. There is a large parking area on the west side of both buildings. To the north across Provencher Blvd. is a mix of commercial uses (Belgium Club, Credit Union etc.) zoned "C2" Commercial. To the west is the CNR right-of-way which is zoned "M1"Industrial.

Description of the Proposed Development:

The applicants ,on behalf of Shell Canada, are proposing to redevelop and upgrade the existing gas sales facility at the subject location at 380 Provencher Blvd. The plans call for the construction of a larger 2000 sq.ft. office and convenience store along the south periphery of the site with provision for nine parking stalls at the front of the building. Three large gas islands will be situated between the proposed new structure and the north boundary of the lot adjoining

Provencher Blvd. There are to be pockets of landscaping along the street and railway right-of – way frontages. Primary access will still be via Provencher with a shared exit on the adjoining commercial property.

Analysis:

The Planning Property & Development Department supports the proposed rezoning and redevelopment for several reasons. First of all, the relocation and expansion of the facilities will ultimately result in a much more efficient use of the site. Currently it is largely under-utilized. However, it should be noted that redevelopment will not adversely affect adjoining businesses or in any way hinder access to existing commercial operations to the south or east. Secondly, the redevelopment will result in more landscaping and a better designed and more appealing building profile which should benefit not only the current owners but also adjoining businesses. And finally, the application is an opportunity to replace a portion of the industrial zoning which is not appropriately situated and not in accordance with Plan Winnipeg guidelines.

Recommendation:

The Planning and Land Use Division recommends approval for the following reason:

- The use of the site does not effectively change but the site will be significantly upgraded and more efficiently utilized.

Recommended Conditions of Approval:

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 216/07, attached hereto and dated June 5/07, 2007, to a "C2" Commercial District, subject to the following:

   A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter, to provide for the following:

      1. That for the development of any building and/or accessory parking area and/or signage, plans shall be submitted showing the location and design of the proposed buildings, the location and design of accessory parking areas, private approaches, garbage enclosures, fencing, landscaping and signage to the Director of Planning, Property and Development and the Riel Community Committee for plan approval prior to the issuance of any building or development permit, and thereafter all to be maintained to the satisfaction of the Director of Planning, Property and Development.

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat against the subject land at the Winnipeg Land Titles Office, provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

VI. That the Proper Officers of the City are hereby authorized to execute said Zoning Agreement.

VII. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
