Report

REASON FOR THE REPORT:

The Planning, Property and Development Department has determined that there is no civic need for the two subject City-owned properties, shown outlined on the attached Misc. Plan No. 11216. Council approval is required to declare the subject properties surplus to the City's requirements.

HISTORY:

On June 2, 1976, Council approved the widening of Dakota Street by 20 feet to a width of 120 feet in order to accommodate transportation requirements pursuant to Dakota Street (south of St. Mary's Road) being declared a regional street by the Province of Manitoba.

As part of this project, the City acquired property from Qualico Developments Inc. through an exchange of lands. This exchange was approved by Council on March 8, 1977. The resulting subject City-owned properties are considered residual lands after the widening of Dakota Street.

Details of the subject City properties are as follows:

Location:	East side of Dakota Street between Greenwood and Hazelwood Avenues
Legal Description:	SP Lots 1 and 2, Plan 23985
Site Sizes:	Hazelwood Avenue – 38.9' x 102'± = 3,966 sq. ft.± Greenwood Avenue – 38.87' x 102'± = 3,968 sq. ft.±
Zoning:	"R1-M" Residential District

DISCUSSION:

The Planning, Property and Development Department has determined that there is no civic need for the subject City-owned properties. The Public Works Department has advised that it would support a minimum 10.0' side yard abutting Dakota Street to provide adequate separation for noise attenuation. This requirement is consistent with other existing houses along Dakota Street.

The Ward Councillor has no objections to the proposed sale of these properties.

In view of the fact that no civic need has been identified for the subject properties, the Planning, Property and Development Department is recommending that the properties be declared surplus to the City's requirements and that the properties be marketed for sale to the general public.
