RE: Amendments to the Reduced Speed School Zone By-law

On June 25, 2014, Council enacted the Reduced-Speed School Zones By-law No. 76/2014. On July 16, 2014, Council adopted the following resolution with respect to future changes to the reduced-speed school zones set out in the By-law:

> The Director of Legal Services and City Solicitor be authorized to bring forward directly to Council by way of a communication and without the need for review by any Standing Policy Committee or Executive Policy Committee any proposed additions, subtractions or other modifications or changes to the reduced-speed school zones created by the Reduced-Speed School Zones By-law which are made possible by changes to the Reduced-Speed School Zone Regulation, Manitoba Regulation 136/2013 or for other reasons.

Pursuant to this resolution, please find attached a By-law making amendments to the Reduced-Speed School Zones By-law 76/2014 for consideration and enactment by Council at its **September 2021** meeting.

For Council's information, the following explanations have been provided by the Department of Public Works concerning the proposed amendments:

- With regard to the changes at Ecole Van Belleghem, 10 Vermillion Road: These changes are being made to correct an error where the By-law had previously indicated that the northbound school zone began north of the school, and the southbound school zone began south of the school. This correction will allow the By-law to correspond with the actual location of the school zone signage.
- With regard to the changes at Lake St. Martin First Nation School, 1970 Ness Avenue: Lake St. Martin First Nation will no longer be leasing the facility at this location to serve as a school, therefore the adjacent school zones are no longer eligible under the existing Council-approved criteria.
- With regard to the changes at Linwood School, 266 Linwood Street: Linwood School was previously included in the Linwood Street school zone associated with Lake St. Martin First Nation School. Since the Lake St. Martin First Nation School is no longer located adjacent to Linwood School, this update is required in order to ensure that the new boundaries are defined in relation to the property line of Linwood School rather than the property line of the former Lake St. Martin First Nation School.
