EXECUTIVE SUMMARY

The Public Service is seeking Council approval to enter into grant agreements with the North End Business Improvement Zone (BIZ), the Provencher Boulevard BIZ, the Selkirk Avenue BIZ and the Corydon Avenue BIZ to receive funding from the 2020 BIZ Zone, Image Routes and Neighbourhood Main Streets Capital Program budget.

The 2020 Capital Budget and 2021 to 2025 Five-Year Forecast included $352,000.00 for the BIZ Zones, Image Routes and Neighbourhood Main Streets Capital Program in 2020. Approximately one third, or $132,000, of the funding was held for allocation in 2021.

RECOMMENDATIONS

1. That funding from the 2020 BIZ Zones, Image Routes and Neighbourhood Main Streets Capital Program be approved for Streetscaping Projects as follows:

   A. North End BIZ $50,000.00
   B. Provencher Blvd BIZ $50,000.00
   C. Selkirk Avenue BIZ $20,000.00
   D. Corydon Avenue BIZ $12,000.00

2. That the funding outlined in Recommendation 1 be approved, subject to the following conditions:

   A. Approval of final design, developed by a landscape architect, by the Director of Planning, Property and Development or delegate.
   B. The BIZ accepting full responsibility and liability for carrying out the work in accordance with the approved design.
   C. The BIZ accepting full responsibility and liability for maintenance of the project after the work has been completed.

D. The BIZ submitting invoices for the work completed with the understanding that no funding will flow to the BIZ after two years have elapsed since the agreement was executed.
E. The City being entitled to terminate the agreement upon the provision of notice to the BIZ.
F. The City entering into, executing and delivering grant agreements with the BIZ for the above-noted Streetscaping Projects and such other agreements as determined necessary by the City Solicitor/ Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

3. That authority be delegated to the Chief Financial Officer to negotiate and approve the terms and conditions of the grant agreements with the BIZs and the Ancillary Agreements, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor/ Director of Legal Services to protect the interests of the City.

4. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council approval is required to enter into grant agreements with the respective BIZs.

IMPLICATIONS OF THE RECOMMENDATIONS

Funding will be approved for Streetscaping projects as outlined from the 2020 BIZ Zone, Image Routes and Neighbourhood Main Streets Capital Program Budget.

A standard agreement, which has been employed for similar grants to BIZs in the past, will again be utilized and will include standard provisions that protect the City. The agreements will provide for:

- Design approval by the Director of Planning, Property and Development or delegate.
- The BIZ accepting full responsibility and liability for carrying out the work in accordance with the approved design.
- The BIZ accepting full responsibility and liability for maintenance of the project after the work has been completed.
- Funding to flow as invoices are submitted to the City and the termination of funding after two years have elapsed since the agreement was executed.
- Termination by the City upon the provision of notice to the BIZ.

The City of Winnipeg insures the BIZs within the City. Any issues of liability for these streetscape elements are covered through the Risk Management Division and therefore there is coverage for replacement value if damage is caused by a third party.

HISTORY/DISCUSSION

The City of Winnipeg Charter provides for City Council to create a Business Improvement Zone (BIZ) by by-law.

Business Improvement Zones are governed by a set of procedures and required processes which are outlined in the Business Improvement Zone Procedures By-law No. 8111/2002 (the "By-law"). The By-law provides for the following:

Objects of a board

5(2) The objects of a board are

(a) to beautify, improve and maintain real property of the City in the zone subject to the authorization by Council, and

(b) to promote improvements and economic development in the zone.

BIZs are funded by a BIZ Levy (collected through the Business Tax) which are included in BIZ budgets adopted by the BIZ membership and then submitted to City Council for approval. In addition, BIZs apply for other grants, complementary funding and sponsorships dollars to deliver their programs and capital projects. A number of BIZs are ready to commence with Streetscape Enhancement Strategy projects which require legal agreements between the BIZs and the City to allow grant monies to flow.

Projects are selected based on community readiness and partnership opportunities. The BIZs utilize grants received from the City to leverage additional funding to undertake projects. Project funding is delivered as a grant to the BIZ through legally executed agreements.

The criteria and parameters utilized to determine grant allocations were agreed to by the Winnipeg BIZ Alliance at a meeting in May of 2019. The North End BIZ is expanding its Gateway entrance project (at strategic intersections). The Provencher Blvd BIZ is expanding its decorative light project on the centre median as a gateway feature into the BIZ Zone. The Selkirk Ave BIZ is continuing with its enhancement of decorative spheres on existing decorative banner poles. Corydon Avenue BIZ is adding lighting features to its decorative poles within the BIZ Zone

It should be noted that no one criterion is more important than another and that a balanced approach is taken when considering which BIZs will receive capital funding allocations in any particular year. Allocation of grants to BIZs is determined using the following criteria:

- Rotation of funding – Consideration of time elapsed since a given BIZ has received a funding allocation (this does not mean that a BIZ is automatically in line to get a grant, even if that BIZ has not received one for a long time).
- Connection with other (City of Winnipeg) works - Opportunities for partnering with other planned work (e.g. street renewal, hydro light replacements, etc.) makes better use of this limited capital funding.
- Part of a plan - Proposed streetscape project is part of a Streetscape Enhancement Strategic Master Plan, Vision Plan, (local area plan), public realm strategy, place making, etc.

- Missing piece - Proposed project is a final phase or subsequent phase to previous works completed.
- Matching funds – Availability of matching funding (war chest) from BIZ, partnerships (other sources) or sponsors.
- Long-term care – Availability/capacity of the BIZ having a continual (line item) budget for on-going maintenance of elements installed.
- Need – Proposed project addresses an identified need (e.g. more lighting, more bike parking, etc.).
- Project readiness – Project is designed or fully scoped out ("shovel ready") so it can be completed in a timely manner. For design/consultant assignments, there is a clear objective with BIZ buy-in.

Inasmuch as no capital funding was allocated to the BIZ, Image Routes and Neighbourhood Main Streets Capital Program for 2021 in the 2020 Capital Budget and 2021 to 2025 Five-Year Forecast, $132,000 of the $352,000 for 2020 (approximately a third) was held back for allocation for this year in order to sustain the program. These are the capital funds that are being allocated and the recommendation that the four listed BIZ Zones be approved for Streetscaping Funding.

On July 23, 2020, Council approved that the 2020 BIZ Zones, Image Routes and Neighbourhood Main Streets Capital Program be exempt from the 2% short-term financing charge and 1.25% corporate administration fee overheads.
