## Community Incentive Grant Program Application

Project description: Indigenous Education Caring Society Off- Campus Program

Start date: June 2021

End date: January 2022

PART B:

How we meet eligibility criteria:

a) Organization description

The Community Education Development Association (CEDA) is a community-based organization serving students and families, teachers and school administration in Winnipeg, Manitoba. Our mission is to act together as an association of passionate, active community members who believe in building an inclusive society. CEDA is a non-profit incorporated organization with an active board of directors.

b) Project description

This initiative is partnership between the Ma Mawi Wi Chi Itata Centre, Ndinawemaaganag Endaawaad, and CEDA. The programming at the off-campus sites will aim to help resolve the challenge of dis-engaged youth in the North-End of Winnipeg. We will be working in collaboration with the Winnipeg School Division to establish programs for Indigenous youth who are not getting their learning needs met within existing neighbourhood schools by re-engaging inactive students, creating authentic relationships with youth and resource development by mobilizing capital and operating funding. On average the Winnipeg School Division reports 400 "inactive" students each year over the past 10 years. The project is community driven responding to this critical need to assist young people to get engaged in meaningful programming with a purpose. The off-campus sites will be rooted in Indigenous knowledges, way of knowing and being. They will be holistic and focus on meeting the physical, mental, emotional and spiritual needs of the students. Each year up to 20 students at a time will have the opportunity to attend programming at 379 Selkirk Ave where a 2000 sq.ft. one room space with kitchen will be constructed.

What?- We will be purchasing capital equipment for the new building at 379 Selkirk Avenue. This grant will substantially fund the purchase of computers for students, lockers for belongings, interactive display for instruction, appliances to cook nutritious meals and snacks for the youth, clothing washer and dryer for youth to use while attending programming.

Where? 379 Selkirk Avenue, blueprint attached.

Why?- To re-engage youth 16-21 years old with a holistic curriculum that is culturally based with emphasis on land-based education, and project-based learning opportunities. This will aim to strengthen numeracy, literacy and employability skills. Youth will have daily opportunities to engage in programming that will help them get back on track with their educational and life goals. The social service centre will be open daily to youth and in the evening for other community groups to use for things like tutoring, literacy programming and cultural activities.

When?- The building will be built starting June 2021 and finish in January 2022.

**From:** Don Beesley
**To:** Stephanie Miller
**Attachments:** image002.png, Veetsan VDU30 undercounter.pdf

Hi Stephanie,

Commercial dishwashers only come in stainless steel and require different power and water connections from a residential dishwasher.

We offer:

Veetsan VDU30 under counter commercial dishwasher $4840 (available 208v or 240v)
Characteristics and Advantages:
- 30 racks per hour
- 0.8gal (3L) of water per rack
- Hot water sanitation
- Included atmospheric booster to raise incoming cold water to a constant temperature of min 180°F (82°C) and pressure throughout the rinsing cycle. No external booster is needed.
- Energy Star 2.0 certified
- Full stainless steel AISI304 construction with double skin cabinet and counter-balanced door

I have attached a spec sheet for your review as well. If you have any questions just let me know.

Thank you,

*Don Beesley*
