Report

REASON FOR THE REPORT

In accordance with By-law 7100/97, the Alternate Service Delivery Committee receives the annual reports of the special operating agencies (SOA) and submits them to Executive Policy Committee and Council as information.

HISTORY

Glacial Sand and Gravel (GSG) was designated a Special Operating Agency (SOA) by Council effective January 1, 2001. The Agency had three properties namely:

- Pine Ridge Pit;
- Transcona Pit; and
- Gunton property

Operating as a SOA, and adhering to business-like principles, the GSG was intended to produce the best return for the asset to the taxpayers. To review its performance and plan for the future business strategy, the Agency initiated and completed its strategic review of the business in 2005-06. Based upon the recommendations of that business review, Council directed GSG management and the Public Works Department to initiate an Expression of Interest and Proposal (EOIP) process for the Pine Ridge Pit and equipment. The EOIP process was completed in 2006 and a decision was made on September 27, 2006 by the Council to sell the Pine Ridge Pit along with its reserve assets and equipment. At its March 21, 2007 meeting, Council directed the Administration to submit a report outlining a plan to finalize operations and dissolve GSG.

DISCUSSION

On July 18, 2007, Council directed that effective December 31, 2007, the GSG be dissolved, all remaining assets, operations and liabilities be transferred to the Public Works Department and the surplus funds be transferred to an interest bearing account in the General Ledger until further direction from Council.

The Administration has completed the following effective December 31, 2007:

1. **Remaining Assets, Liabilities and Operations**
   The remaining assets (Transcona Pit and Gunton Property) have been transferred to Public Works Department. GSG had an ongoing royalty agreement for the sale of bank run material from the Transcona Pit which has been assigned to the Public Works Department.

This agreement, which is based on a royalty rate, is in place until July 2009, or earlier if the pit material is depleted before this date.

2. Surplus Funds
The surplus funds in the amount of $9.934 million have been transferred to City of Winnipeg - Equipment and Material Services Fund until further direction from Council.

3. Staff Redeployment
GSG's permanent staff has been redeployed to different divisions within the Public Works Department. In total, 4 permanent CUPE staff and 1 permanent WAPSO (exempt) staff have been transferred to the Public Works Department.

4. Advisory Board
Glacial Sand and Gravel's Advisory Board has been discharged from its duties effective December 31, 2007, at which time GSG's management thanked members for their services.

Financial Highlights:
Detailed audited financial statements for 2007 are attached in Appendix A. The financial highlights include:

- The Pine Ridge pit along with reserves and equipment was sold for an amount of $11 million.
- Retained earnings to the end of 2007 were $9.934 million which has been transferred to City of Winnipeg - Equipment and Material Services Fund until otherwise directed by Council.
- All future expenses related to Transcona pit will be borne by the Public Works Department through its own budget from revenues generated by the royalty arrangement in the Transcona pit.
- The Salary and Benefits expense for 2007 is $182,000 which is $200,000 lower compared to 2006 due to staff redeployment that took place in 2007.
- The Net income from operations for 2007 is $252,000.
- The Revenues for 2007 are $761,000 due to the sale of inventory from the Pine Ridge pit at the time of the property transfer; bank run from the Transcona pit; and interest income.
- The Expenses for 2007 are $509,000 resulting from inventory adjustment; redeployment costs; and minimal operating expenses.

AUDITORS' REPORT

To the Mayor and Members of City Council
The City of Winnipeg

We have audited the statement of financial position of **The City of Winnipeg - Glacial Sand and Gravel - Special Operating Agency** as at December 31, 2007 and the statements of operations and deficit and cash flows for the year then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Agency as at December 31, 2007 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

2. Significant Accounting Policies

The preparation of periodic financial statements necessarily involves the use of estimates and approximations because the precise determination of financial data frequently depends on future events. These financial statements have been prepared by management within reasonable limits of materiality and within the framework of the significant accounting policies summarized below.

The financial statements have been prepared on the basis of Canadian generally accepted accounting principles and include the following significant accounting policies:
Revenue recognition
Amounts billed for products not yet delivered are recorded as deferred revenue. Revenue is recognized upon delivery of products.

3. Related Party Transactions

The Agency is wholly-owned by The City of Winnipeg. Transactions between the Agency and The City of Winnipeg are in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.
In addition to those disclosed elsewhere in the financial statements, the transactions that occurred are as follows:

a) Sales of goods and services of $nil (2006 - $227 thousand) to The City of Winnipeg;

b) Interest income of $425 thousand (2006 - $nil) from The City of Winnipeg;

c) Charges in the amount of $nil (2006 - $225 thousand) to The City of Winnipeg - General Revenue Fund which represents the estimated share of The City of Winnipeg's general expenses applicable to the Agency;

d) Charges in the amount of $12 thousand (2006 - $75 thousand) to The City of Winnipeg Fleet Management - Special Operating Agency for services related to equipment supply, maintenance, and fuel;

e) Interest on the equipment loan during the year was $2 thousand (2006 - $8 thousand) and has been paid to The City of Winnipeg Fleet Management Special Operating Agency; and

f) Interest expense of $13 thousand (2006 - $82 thousand) to The City of Winnipeg.
