Item 8: Detailed Project Description

Riverside Lions Seniors Residences (RSLSR) was developed at the request of the, then, Minister of Health, David Chomiak, as a result of the urgent need for supportive housing and assisted living accommodations for frail older adults. Beyond shelter, our new 75 suite facility provides a range of necessary support services for both supportive housing and assisted living. The support services include meals, housekeeping, laundry and leisure activities. Supportive housing is uniquely designed to also offer 24 hours support and supervision by trained Tenant Companion staff that assist residents with activities of daily living (meals service, bathing, grooming, dressing, medications).

Riverside Lions primary goal has been, and continues to be, the establishment of affordable housing for seniors. Successful efforts were made throughout the construction (capital) and operational stage to restrict costs, thereby containing rent charges. Currently, we require funds to help in the safe, secure and practical landscape development of our court yard area. The landscaped grounds will not only benefit the 75 tenants of RSLSR, it will benefit the 170 tenants of our existing, neighboring, apartment complex, Riverside Lions Estates (also affordable housing). The Board of Directors will accept applications from surrounding residents of Worthington Avenue to use the site, dependent on purpose and with proper security in place.

All corporate financial records must be satisfactory and are audited. All financial records would be available to the auditor of the City of Winnipeg. All necessary permits have been obtained, as part of the building requirements. Costs associated with the maintenance of the landscaping, fencing and lighting are included in the annual operating budget of this corporation.

Site drawing currently in development and will be available on request.
