Comments in writing: I am absolutely appalled by the poor allocation of the city's resources. This budget demonstrates a distinct lack of empathy from our leaders, an overwhelming lack of vision for the City, and disregard for the City's existing vision statement: "To be a vibrant and healthy city which places its highest priority on quality of life for all its citizens."
I know Councillors have arrived at this meeting with their minds made, however, I urge the elected officials to reflect on the path they are laying out for future generations. It is not one I, as a young resident in the City of Winnipeg, intend to accept blindly.
