RECOMMENDATION

1. That the boundaries of the St. James Village Business Improvement Zone be expanded to include the blocks bounded by Ferry Road, Assiniboine River, Library Place, and to the back lanes parallel to and north of Portage Avenue; and
2. That the written description of the St. James Village Business Improvement Zone boundaries set out in Schedule "A" of the St. James Village Business Improvement Zone By-law be replaced with a map showing the boundaries of the St. James Village Business Improvement Zone with the new expansion included.

REASON FOR THE REPORT

- The City of Winnipeg Charter provides for the creation of a Business Improvement Zone (B.I.Z.) by by-law. The “St. James Village” Business Improvement Zone, continued by By-Law No 8122/2002, is one of fifteen Business Improvement Zones within the City of Winnipeg.
- City Clerks received a petition from Businesses immediately to the west of the BIZ Zone seeking to have the St. James Village Business Improvement Zone boundaries expanded to have them added to the BIZ Zone.
- The proposed expansion follows the process set out in the Business Improvement Zone Procedures By-Law (No. 8111/2002) for adding businesses to an existing zone.

- This report also recommends that the attached By-law will replace the existing legal description in Schedule "A" of the By-law with an easy-to-read map (By-Law attached as Attachment “B” to this Report).

KEY ISSUES

The City of Winnipeg Charter provides for the creation of a Business Improvement Zone (B.I.Z.) by by-law. Changing the boundaries of the St. James Village Business Improvement Zone requires an amendment to the St. James Village Business Improvement By-law No. 8122/2002. Replacing a written description of the area of the BIZ with an easy-to-read map also requires an amendment to the By-law.

By-Law No. 7025/97 created the Business Improvement Zone known as the “St. James Village Business Improvement Zone”. The St. James Village Business Improvement Zone By-law No. 8122/2002 continued this BIZ under the same name. Like all other BIZ By-laws, By-law No. 8122/2002 used a written description to set out the boundaries of the BIZ, rather than a map.

Business Improvement Zones are governed by a set of procedures and required processes, which are laid out within the Business Improvement Zone Procedures By-Law No. 8111/2002. This By-Law specifies that Council may expand a BIZ Zone to add additional businesses if certain rules are followed, namely:

- A petition must be filed with the City of Winnipeg from the applying businesses;
- The City Clerk must determine that the petition has been signed by more than 50% of the proprietors in the proposed additional area of the zone representing more than 50% of the total taxable business assessment in the proposed additional area;
- The City Clerk must give notice to all the businesses in the proposed additional area of the petition and must offer them an opportunity (30 days) to object to joining the BIZ.

All of these requirements have been met in this case.

Confirmation from Assessment and Taxation Department (Taxation and Finance Division) to City Clerks stated that the petition for boundary expansion to the St. James Village Business Improvement Zone was in compliance with the Business Improvement Zone Procedures By-Law No. 8111/2002 (“the By-law”).

Assessment and Taxation Department had reviewed: (i) the petition, (ii) the proposed expansion area, and; (iii) the relevant sections of the By-law. The proposal/petition contemplates an amendment to the existing BIZ boundary to include 10 contiguous assessment parcels. There are a total of 15 active businesses in these parcels.

The results were:

1. The petition has been signed by the proprietor for eight (8) of the fifteen (15) active businesses which represents “more than 50% of the proprietors in the proposed area of the zone”.
2. The businesses represented by the eight (8) signatures have a combined taxable business assessment of 73% of the total taxable business assessment in the proposed expansion area. This achieves the requirement for “more than 50% of the total taxable business assessment” as per the By-law.

In summary, the petition has met the requirements set forth in clauses 3(1) (a) and 4(2) (a) of the By-Law.

The St. James Village Business Improvement Zone has participated in the process of the expansion right from the beginning. They had met with different Business owners with regards to benefits of a BIZ zone. The St. James Village BIZ is supportive of the report and the expansion.

No objections were received by the City Clerks to the proposed alteration and expansion of boundaries to the St. James Village Business Improvement Zone. Accordingly, this Report recommends amending the area of the St. James Village BIZ to include the blocks bounded by Ferry Road, Assiniboine River, Library Place, and to the rear public lanes north of Portage Avenue, as seen in “Attachment “A”.

In addition, in order to make the BIZ boundaries easier to identify, this Report recommends that the traditional written description of the boundaries of the St. James Village Business Improvement Zone in Schedule “A” of By-Law No. 8122/2002 be replaced with a map showing the boundaries of the St. James Village BIZ with the new expansion included in the Schedule. The proposed map is attached within the By-law as Attachment “B”.

It is recommended that the attached By-law (Attachment B) be enacted by Council in order to accomplish this BIZ Zone Expansion and Legal Description Amendment.
