RE: Amendments to the Reduced Speed School Zone By-law

On June 25, 2014, Council enacted the Reduced-Speed School Zones By-law No. 76/2014. On July 16, 2014, Council adopted the following resolution with respect to future changes to the reduced-speed school zones set out in the By-law:

> The Director of Legal Services and City Solicitor be authorized to bring forward directly to Council by way of a communication and without the need for review by any Standing Policy Committee or Executive Policy Committee any proposed additions, subtractions or other modifications or changes to the reduced-speed school zones created by the Reduced-Speed School Zones By-law which are made possible by changes to the Reduced-Speed School Zone Regulation, Manitoba Regulation 136/2013 or for other reasons.

Pursuant to this resolution, please find attached a By-law making amendments to the Reduced-Speed School Zones By-law 76/2014 for consideration and enactment by Council at its **June** meeting.

For Council's information, the following explanations have been provided by the Department of Public Works concerning the proposed amendments:

- Various listed Streets within the Winnipeg School Division, St. James-Assiniboia School Division, Institutional Schools, Funded Independent Schools, and Seven Oaks School Division have become neighbourhood greenway streets with a full-time 30 km/hr speed limit, therefore a reduced speed school zone is no longer needed.
- The boundaries of the reduced speed school associated with Ecole Sofiya are being adjusted to an appropriate distance from the school's property line on Worthington Avenue; and a technical amendment is being made to prevent the duplication of reduced speed school zones on Beliveau Road East (also necessary because Ecole Sofiya does not verge on Beliveau Road East).
- Ecole Robert-Browning will require a new school zone for the sidewalk extension of Jolliett Crescent to the school's property.
