Item No. 11 Rezoning – 91 Lowson Crescent
(Charleswood-Tuxedo Ward)
File DAZ 206/2009

STANDING COMMITTEE RECOMMENDATION:

On October 8, 2009, the Standing Policy Committee on Property and Development concurred in the recommendation of the Assiniboia Community Committee, as amended, and submits the following to Council:

1. That The Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 206/2009 contained in the report of the Winnipeg Public Service dated September 14, 2009, to an 'M2' Manufacturing General District, subject to the following:

    A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of the City of Winnipeg Charter to provide for the following:

        i. That the use of the subject property shall be limited to:
            a. Amusement enterprise, Indoor; and
            b. Outside storage

2. That the zoning section of the by-law comes into force and effect when the Zoning Agreement is registered in the Winnipeg Land Titles Office by caveat against the subject lands, provided that the said effective date occurs within one year from the date the bylaw is passed.

3. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

4. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

Report - Standing Policy Committee on Property and Development - October 8, 2009

5. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

6. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

5. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Note: The wording in bold and italics denotes amendments made by the Community Committee.

The Assiniboia Community Committee provided the following supporting reasons for its recommendation:

1. This is a good use and this type of facility is consistent with the area and will not conflict with anyone;

2. This is an interesting concept and may lead to others in the City.

SITE DESCRIPTION

The subject property, which is zoned "M3" Manufacturing Heavy District, is located on the east side of Lowson Crescent near the northernmost bend, in the Tuxedo Industrial neighbourhood of the Charleswood - Tuxedo ward.

North: An outdoor storage facility zoned "M3" Manufacturing District.
South: A warehouse use zoned "M3" Manufacturing District.

East: A CNR rail line, then an industrial warehouse use zoned “M2” Manufacturing District.
West: Lowson Crescent, then industrial uses zoned “M3” Manufacturing District.

Figure 1: Subject Site and Surrounding Land Uses

DESCRIPTION OF PROPOSED DEVELOPMENT
The applicant is seeking to rezone the subject property to “M2” Manufacturing General District (Schedule A) for the purpose of creating an indoor hockey training facility. It is noted that the applicant is applying concurrently for a Use Variance in order to establish the use prior to the rezoning process being finalized.

Zoning
Zoning By-Law 200/2006 does not provide for the proposed use within the “M3” District. The use however, is provided for within the “M2” District as a permitted use. It is noted, that the application at hand historically would have not required a rezoning to accommodate an “M2” use in an “M3” Zoning District. This is because, most of Winnipeg’s previous zoning by-laws were set up in such a way that allowed Industrial uses on a ‘cascading’ basis. This meant that the more inclusive Industrial District provided for the uses in the more restrictive (less intensive) Industrial District as permitted uses. The rationale for this was that such uses would be

appropriate given that they would be less intensive than those already provided for within that higher level zoning district.

The proposed rezoning of the subject property would alter the range of uses on the subject site by eliminating certain uses currently provided for under the “M3” zoning district and introducing new ones that are provided for under the “M2” zoning district, but not “M3”. Appendix B highlights the uses affected by the proposed zoning change. Appendix B does not include those uses that treated the same under both “M2” and “M3”.

Compatibility with existing neighbourhood and surrounding uses
Proximity to a variety of “M2” type uses ensures that the proposed rezoning will not create land uses out of character with existing uses. Recent development activity in the area also suggests that the rezoning would be compatible with future land uses intended in the area. An overall transition to less intensive industrial and even commercial uses is evidenced by recent land use policy changes in the Tuxedo Industrial Neighbourhood. These include:

i. A Plan Winnipeg amendment at Tuxedo Yards (Kenaston & Sterling Lyon) to establish an Area of Regional Commercial and Mixed Use Concentration, and
ii. The introduction of an “MMU” Manufacturing Mixed Use District just west of the site on Kenaston Boulevard, which accommodates supportive commercial uses.

Emerging Policy: Employment Lands Strategy
Though not yet adopted by City Council, the future use of existing industrial lands will likely be impacted by the policy recommendations outlined in the “City of Winnipeg Comprehensive Employment Lands Strategy”, a key study component of the Plan Winnipeg review process. The report, which is currently in draft form, identifies strategies to accommodate the future demand of industrial land in specific area of the city. In the case of the Tuxedo Industrial Neighbourhood, the strategy recommends: “that the limits of the Tuxedo Industrial Policy Area be redrawn to exclude…the lands lying north of Sterling Lyon Parkway”. Though the subject site is slightly south of Sterling Lyon Parkway its proposed industrial use is compatible with the overall policy projection for the area. It is noted that this use is also permitted in the “C2”, “C3”, “C4”, and “CMU” zoning districts.

Land Dedication
As part of the rezoning, the applicant will provide cash in lieu of land dedication if an increase in market value is realized on the subject property from “M3” to “M2”.

RECOMMENDED CONDITIONS OF APPROVAL

1) That The Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule “A” for File DAZ 206/2009 dated July 6, 2009, to an ‘M2’ Manufacturing General District.
2) That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.
3) That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

4) That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.
5) That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
