THE CITY OF WINNIPEG
INTER-OFFICE MEMORANDUM

DATE: May 14, 2009

SUBJECT: COMMUNITY INCENTIVE GRANT APPLICATION
Rainbow Tenant Committee – Clarification in regards to the program eligibility and selection criteria.

This application does not meet the following CIGP criteria approved by Council:

- Organization is a non-profit community organization offering sport or recreation services or is a non-profit community organization that contributes to the health and well being of the community; through the development of a sport or recreation capital project; that is accessible to the community.
- Includes confirmation of sufficient resources to maintain and operate completed project.
- Clearly articulated a plan of activities including projected work schedules, material, labour, equipment and other project requirements. Project leads to the completion of a substantial physical product.
- Total project funding is confirmed.
- Does not include any funds from the City.

Based upon the application submitted, this organization is not offering sport or recreational activities for the community; they are not planning to develop a sport or recreational capital project and the facility itself is not accessible to the community.

The applicant is seeking financial support for the purchase of exercise equipment. Equipment purchase is not considered a capital expense and therefore does not meet the CIGP criteria. The purchase of equipment does not lead to the completion of a substantial physical product.

The applicant has not shown the financial support to be able to maintain the equipment.

The applicant has not demonstrated that any funding is secured for this project. However, a recommendation to deny a CIGP request is not based upon this criteria, as most organizations are able to meet this criterion at a later date, prior to signing the Funding Agreement with the City of Winnipeg.

The criteria of Community Incentive Grant Program allows for support up to 50% (maximum $225,000) of the total project cost. The applicant is requesting financial support for 55% of the total project cost which results in the application being assessed as including additional funds from the City.

If you have any questions in regards to the above matter please feel free to contact me at 986-2216.
