RECOMMENDATIONS

1. That Council declare the subject City-owned property shown outlined on Misc. Plan No. 8739/3, attached, surplus to the needs of the City.
2. Subject to the approval of Recommendation No. 1, that the Director of Planning, Property and Development be authorized to convey the City-owned property shown outlined on Misc. Plan No. 8739/3, for the purchase price of $1.00, to the Manitoba Housing and Renewal Corporation.
3. That the Proper Officers do all things necessary to implement the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

- Approval of at least two-thirds of the members of Council is required for all sales of property designated or acquired for park or cemetery purposes.
- There are no regulatory or human resources implications associated with this report.
- It is intended that the Director of Planning, Property and Development Department will convey the City-owned property shown outlined on Misc. Plan No. 8739/3, for the purchase price of $1.00, to the Manitoba Housing and Renewal Corporation.

HISTORY

On January 13, 2009, the Planning, Property and Development Department authorized the Manitoba Housing and Renewal Corporation (MHRC) to include the Cadboro Road Landfill (Bridgewater Park) identified as *"City-owned property included under DASZ 3/2009"* on Misc. Plan No. 8739/3 in its application to subdivide and rezone lands east of Kenaston Boulevard between Bison Drive and North Town Road, land north of North Town Road on either side of Bridgeland Drive North.

At its meeting held on September 30, 2009, Council approved DASZ 3/2009 subject to, among other things:

- That the City-owned property included under DASZ 3/2009 be declared surplus to the City's needs.

- That the Director of Planning, Property and Development be authorized to negotiate and approve the sale of the property to MHRC for $1.00 on terms and conditions satisfactory to the Director of Planning, Property and Development and the City Solicitor/Manager of Legal Services in order to protect the interests of the City and to achieve the intent of the Standing Policy Committee on Property and Development.

In accordance with the foregoing, the Department has successfully negotiated the sale of the subject property to MHRC. One of the Certificates of Title to the property, however, contains an additional small triangular portion of land south of Bison Drive shown outlined on Misc. Plan No. 8739/3, which was not identified under DASZ 3/2009.

The usual process would be for the Plan of Subdivision referred to in DASZ 3/2009 to be prepared and registered, which would allow the transfer of the portion of lands in subject Certificate of Title north of Bison Drive to be transferred to MHRC and the portion south of Bison Drive to remain in the name of the City. MHRC has indicated that its Plan of Subdivision will not be completed in time to meet timelines to commence hauling of landfill material from the site.

In order to assist MHRC in meeting its deadline to commence hauling of material from the site in December, the Department has permitted MHRC to enter onto the property under appropriate conditions prior to transfer of title.

In view of the fact that no civic need has been identified for the subject City-owned property south of Bison Drive, the Planning, Property and Development Department is recommending that Council declare the subject City-owned property shown outlined on Misc. Plan No. 8739/3, attached, surplus to the needs of the City and authorize the Director of Planning, Property and Development to convey the City-owned property to the Manitoba Housing and Renewal Corporation for the purchase price of $1.00
