# Broadway Neighbourhood Centre

*Serving the West Broadway community and beyond*

**Youth Programming Statistics:**

- Over 450 visits per month
- 2/3 of program participants are male
- BNC's 5 pm snack is the only meal many youth would have at supper time
- 25 regular participants have stated that without BNC open there would be nowhere else for them to go "play"
- 98% cite feeling safe as one of the top 3 reasons for attending programs

## Mission

Since 1987 the Broadway Neighbourhood Centre Inc. has been a not-for profit organization committed to delivering the highest quality recreational, social, health, educational and cultural programs/services to West Broadway residents of all ages.

The Centre's primary focus is the local neighbourhood and responds to the issues, needs, and strengths of the neighbourhood through specialized, flexible and innovative solutions. The Broadway Neighbourhood Centre accomplishes this through the management and operation of programs, services, facilities and grounds.

## Programs

The Broadway Neighbourhood Centre hosts and oversees the delivery of over 40 unique community led programs and services. BNC offers programs for youth, families, and seniors and hosts several annual events for the community at large. BNC is also the proud home of the Little Red Spirit Aboriginal Head Start Program.

## BNC Youth Programs

The core of BNC programming is its after school Youth Programs. This is a drop in for youth ages 6-14 that offers a range of recreational, cultural and sports programming. There are roughly 500 youth that attend this program every month which sees expanded hours of operation in the Summer. A valuable partnership with the City of Winnipeg has been formed to keep the doors open 7 days a week so that youth have a safe, fun place to go, located right in their neighbourhood.

## Just TV & Lighthouses

BNC is home to 2 very popular programs for youth ages 16-24. The Just TV program is a 9 month multimedia gang prevention program that offers youth a creative environment by which to express themselves.

BNC's Hip Hop Academy is Manitoba Justice's Lighthouses program that gives youth the opportunity to learn songwriting, dance and recording. The youth have an opportunity to perform their work live and take home a CD.

## Community Partnerships

All the work carried out at BNC would be impossible without a strong network of community partners, volunteers and supports. From residents to West Broadway service agencies to the City of Winnipeg, BNC works to provide free high quality programs and community events. BNC is a member of the West Broadway Network, the West Broadway Youth Network, the Coalition of Community Based Youth Serving Agencies and close partner with Ma Ma Wi Chi Itata Centre.

BNC partners with Winnipeg Harvest as a Food Bank Community location for bi-weekly distribution to individuals and families.

## BNC Green Space

The BNC Green Space Redevelopment Project is a key project for the largest and most important recreational green space in the West Broadway neighbourhood. Through community consultation, BNC in partnership with the West Broadway Development Corporation has identified this project as vital in modernizing the existing recreational infrastructure and improving access for inner city residents to healthy recreational activities.

The BNC Green Space Redevelopment project will contribute to: population health, improving street level safety and community-wide social cohesion.
