REPORT

RECOMMENDATION(S):

1. That Council enact a By-law with respect to Advance Polls for the 2002 Civic Election to provide for the establishment of Advance Polls for the dates, times and locations as identified in Attachment "A".

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT:

Pursuant to Section 89.3.1 of The City of Winnipeg Act, Council is required to enact a by-law prescribing the dates, times and locations of advance polling places.

HISTORY AND DISCUSSION:

Section 89.3.1 of The City of Winnipeg Act states as follows:

Advance polls and mail vote
89.3.1 For the purpose of accommodating electors at an election, the returning officer:

(a) shall open and keep open an advance polling place at City Hall, during regular office hours and such other hours as the council may prescribe by by-law, between the last day on which a candidate may withdraw under section 51 of The Local Authorities Election Act and the day before election day;

(b) shall open and keep open additional advance polling places at such central locations as the council may prescribe by by-law.

(i) on such days other than holidays as may be prescribed by the by-law, between the last day on which a candidate may withdraw under section 51 of The Local Authorities Election Act and the day before election day, and

(ii) during such hours as may be prescribed by the by-law, which shall include 5:00 to 9:00 p.m. on at least one day in the three days before the day preceding election day, and on any other of the three days on which the advance polls are prescribed under the by-law.

For the 2002 Civic Election, the Returning Officer will again utilize automated voting systems to conduct the Election Day and the various Advance Poll locations.

In 1998, the City Hall Advance Poll was conducted from Monday to Friday, October 5 to October 26, during regular office hours and Thursday evenings. Voter turnout was 2,438 persons, an increase of 4% as compared to 2,353 voters in 1995.

Additional Advance Polls were held in each of the five community areas, from October 19 to 24 inclusive, with 3,810 persons voting at these polls as compared to 2,546 voters in 1995 (an increase of 33%).

In an attempt to facilitate voting opportunities for persons who may have ambulatory or transportation problems, in 1995 and 1998, polls were established at the seniors locations identified in the "Age and Opportunity Winnipeg Seniors Housing Directory" with more than 50 residents.

In 1998, the Special Advance Polls utilized the automated voting machines and operated weekdays within a two-week period prior to Election Day. 5,925 persons voted at 107 seniors locations. For 2002, the Returning Officer has contacted each of the residences and personal care facilities in the "Age and Opportunity Winnipeg Seniors Housing Directory", and recommends that polls be established at 144 locations. Worthy of note is that while 144 locations have been selected, in excess of 190 seniors' residences will be accommodated as a result of some polls serving more than one residence. The Seniors Advance Polls will be conducted on weekdays, in three-hour time slots, in the two-week time period prior to Election Day, and will utilize the automated voting technology.

A Vote by Mail campaign will also be utilized to facilitate voting at those seniors locations and personal care facilities not identified in the Age and Opportunity Winnipeg Seniors Housing Directory, and those seniors locations identified but with less than 50 residents.

In addition, Special Hospital Polls will be conducted at nine City hospital locations on Election Day utilizing a portable ballot box.

Financial Impact Statement **Date:** 6/5/2002

COMMENTS:

Funding for the operation of the Advance Polls is derived from the City Clerk's Department Elections Account.
