REPORT OF THE

EXECUTIVE POLICY COMMITTEE

DATED APRIL 6, 1994

On motion of Her Worship Mayor Thompson, the rule was suspended and the Report of the Executive Policy Committee dated April 6, 1994, was considered clause by clause.

School Tax Levies and Mill Rates
File FL-3 (Vol. 9)

570 - 1. The various School Divisions located within the boundaries of the City of Winnipeg have submitted their requirement for funding that is to be raised through levies on assessable property within the City in 1994.

The amounts required to be raised by Council include the City's share of the Province's Education Support Program, and the additional requirements of the twelve School Divisions which serve Winnipeg - such additional requirements ("special levies") representing portions of their costs which have been determined to be entirely the City's responsibility to collect, i.e. those parts of a school division's expenditures which do not qualify for Provincial government assistance under its province-wide support Program.

Some of the more significant results of the provisions for provincial/municipal sharing of school costs in 1994 as they apply to Winnipeg are hereunder itemized:

(1) Property taxes for school levies in Winnipeg will total $335.3 million in 1994 which is $10.5 million or 3.2% more than in 1993.

(2) The Provincial Education Support Levy for residential property owners increased by $1.7 million resulting in a 3.0% increase.

(3) The Provincial Education Support Levy for non-residential property owners has increased by $3.3 million resulting in a 4.7% increase in the levy.

(4) The City's twelve School Divisions' Special Levy requirements total $201.4 million, an increase of $5.4 million, and range from a decrease of 3.1% in Norwood to an increase of 7.1% in St. Vital.

(5) There is a 2% cap imposed by the Provincial Government on the special requirement. However, school divisions with special funding needs resulting from large enrolment fluctuations or losses in Provincial phase-in funding were allowed to exceed 2%. As a result of the above, increases due to change in the levy may be higher than 2%.

(6) As with the Municipal Levy, the combination of the change in Provincial portions which cause varying impacts on individual classes of property and the 1994 reassessment makes it difficult to compare mill rates on a year-to-year basis.

Schedules "A", "B", "C", and "D" are pertinent to the subject by-law and include information in comparison with that for the prior year.

Your Executive Policy Committee recommends that in compliance with the mandatory provisions of The Public Schools Act, Council pass the by-law required to fix and impose taxes sufficient to meet that portion of the cost of education that is to be raised through levies on assessable property within the City of Winnipeg in 1994 as outlined on Schedule "A".

Report of the Executive Policy Committee dated April 6, 1994

Moved by Her Worship Mayor Thompson,
Adoption of the clause.

Carried.

Councillor Golden asked to be recorded as having voted against the clause, in accordance with Rule 50.7 of the Procedure By-law.

(Note: See Minute No. 572 for attachments)

Rate of 1994 Business Tax
File FL-1 (Vol. 9)

571 - 2. The 1994 business tax roll is 97% complete and has a projected annual rental value of $538 million. Based on this projection, the single business tax rate required in order to raise the business tax revenue budgeted in the 1994 current estimates can be reduced from 9.6% to 9.2% and still maintain the same budgeted revenue.

On February 25, 1994 City Council adopted Clause 3 of the Report of the Executive Policy Committee dated February 16, 1994 and passed By-law 6349/94 which set the business tax single rate at 9.6% in order to raise net revenue of $52.3 million. This was based on a projected business tax roll of $515 million annual rental value. At the time the estimate was made, the business tax reassessment roll was only 25% complete.

The City Assessor has completed 97% of the 1994 business tax roll and has advised that a new projected annual rental value is $538 million. Based on this projection, in order to raise the required business tax revenue as approved in the 1994 current estimates, a single tax rate of 9.2% would be required.

The increase in annual rental value to $538 million from the original estimate of $515 million is due, in the main, to larger than anticipated increases in the change in the annual rental value due to the 1994 reassessment. The 1994 reassessment updated the base year of value from 1985 to 1991. The original projection assumed an average increase of 15.7%. The average increase in the revised projected business tax roll is 22.4%. There is little increase in growth due to either the expansion of the number of businesses or renovation of the business premises. In fact, the number of businesses have declined from 1993 to 1994 (from 12,927 to a projected 12,800).

It is important to note that the reassessment process should be revenue neutral to the City. The total business tax increases due to reassessment should always equal the total tax decreases due to reassessment. Both the increases and decreases due to reassessment will be phased-in through the phase-in program previously adopted by Council. Council has, however, on February 25, 1994 decided to increase the actual revenue raised through business tax by $2.0 million, a 4.4% increase. This increase will not be phased-in. If the rate remained at 9.6% there would be an increase in revenue to the City of another $2.0 million for a total of $4 million which given the revised annual rental value would result in an 8.7% increase in business tax.

In order to be consistent with City Council's decision of February 25, 1994 in both the amount (i.e. $52.3 million) and percent of increase (i.e. 4.4%) in business tax revenue, it is recommended that the single business tax rate of 9.2% be prescribed.

Your Executive Policy Committee recommends that By-law 6349/94 be amended to prescribe the 1994 single business tax rate at 9.2%, which results in a gross levy of $49.5 million and a net levy (after phase-in of debits due to introduction of the single rate in 1993) of $52.3 million as approved in the 1994 current estimates.

Moved by Her Worship Mayor Thompson,
Adoption of the clause.

The motion for the adoption of the clause was put.

Councillor Thomas called for the yeas and nays, which were as follows:-

Report of the Executive Policy Committee dated April 6, 1994

Yea: Councillors Reese, Clement, Duguid, Eadie, Golden, Hyman, Lazarenko, O'Shaughnessy, Fraser, Her Worship Mayor Thompson and Councillor Angus. 11

Nay: Councillors Boychuk, Murray and Thomas. 3

and the motion for the adoption of the clause was declared carried.
