DETAILED PROJECT DESCRIPTION

Provide a detailed description of the planned project, including:

- Community need/ support for the project
- Community consultation, if applicable (surveys, open houses, etc.)
- City of Winnipeg staff involved in project to date
- Scope of work
- Cost estimates/ quotes
- Project schedule

Project details, plans and supporting documentation may be submitted as attachments.

We will be creating a skating rink on school grounds for use of students during Phys. Ed. classes and during recess. We hope to make it available after school hours as well for students and the community, if we are able to install appropriate lighting.

We had a rink a few years back and it was great. With the equipment we will be purchasing, we hope to make the rink available on an annual basis. Our Parent Committee supports the project, but are directing their financial support toward some other hopeful playground improvements.

Major costs

Hose $ 450	Hose reel $ 250
Shovels $ 400	Skates & helmets $ 500
Lighting $ 400	

(Additional school funds will be used to purchase additional shovels, skates, helmets, pucks, etc.)

We will be ordering the hose soon so that we can likely start flooding just before the winter break. Most of the work will take place in January, with ongoing maintenance until the ice melts.
