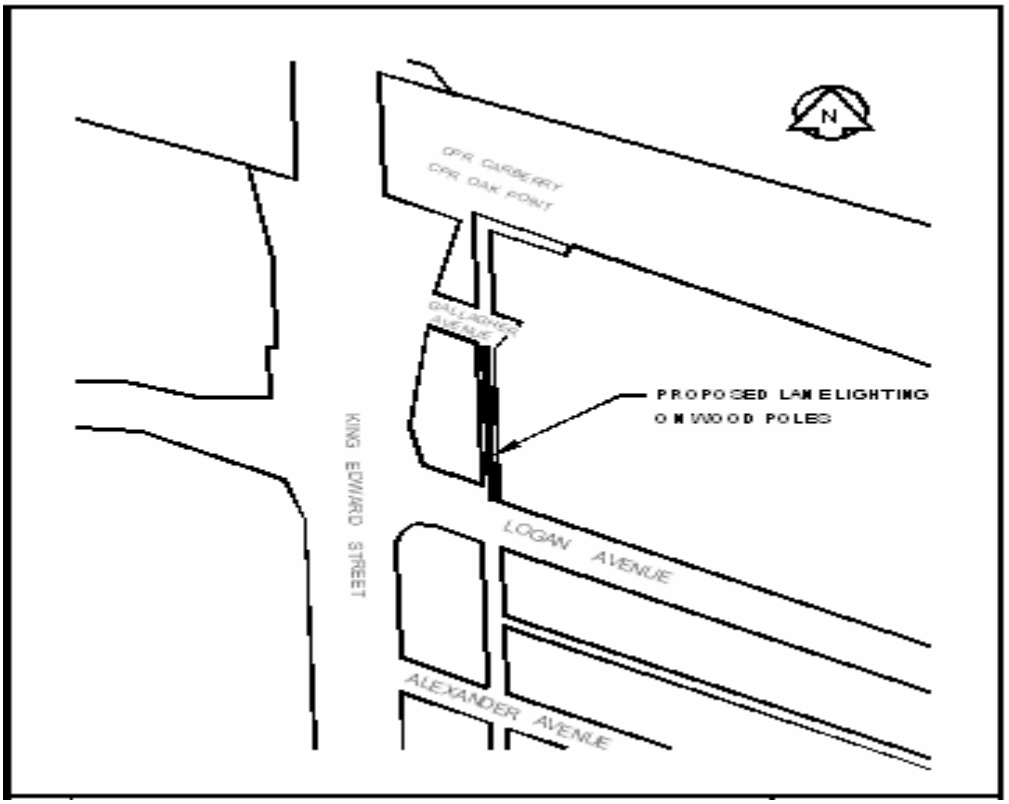
SUBJECT: RESULTS OF PETITION FOR PROPOSED LOCAL IMPROVEMENT

DATE: October 27, 2004

On October 14, 2004, a Petition "For" was issued to Mr. Chris Rygiel of 2031 Logan Avenue for a proposed local improvement within your Community and Ward boundary. The Office Of The City Clerk had received this Petition "For" on the same day. The Assiniboia Community Committee is, therefore requested, to specifically review and recommend to the Standing Committee on Public Works on the Local Improvement project as follows:

Work Order No.	Local Improvement	Location
99-04-280-1-04	*Lane Lighting On Wood Pole*	*On the first north-south lane east of King Edward Street from Gallagher Avenue to Logan Avenue.*



It has been ascertained that the signatures obtained from the benefiting property owners represented ***89.45%*** of the total assessable frontage as indicated below:

Total Assessable Frontage ***(includes City-owned property)***	472.00 feet
Petitioners For Represent	**422.20 feet**
Percentage Signed	***89.45%***

However, in accordance to Section 410(1) of The City of Winnipeg Charter, it states:

> **"Where city's real property benefited**
>
> **410(1)** If the city is the registered owner of real property to be benefited by a proposed local improvement, the city is to be regarded as having refrained from exercising its ability to petition for, or object to, the local improvement."

Therefore, by excluding the City-owned property from the total assessable frontage, the signatures obtained from the benefiting property owners would then represent 100% of the total assessable frontage.

In accordance to Section 409(4) of *The City of Winnipeg Charter* if the petition for the local improvement is signed by all of the registered owners, other than the City a notice or hearing is not required.

Therefore, it will not be necessary to advertise this proposed local improvement in March 2005.

It is estimated that the total cost of the project is $2,000 of which 26.39% is to be recovered from the registered property owners' share.

City's Administration Recommendation: The undertaking of this Local Improvement project may proceed in 2005.
