2. The City Solicitor/Manager of Legal Services be requested to prepare and submit the necessary amending By-law to Council for approval.

REPORT SUMMARY:

Key Issues:

(a) Schedule “E” of The City of Winnipeg Streets By-law No. 1481/77, is currently listed on a District # 1 to District # 6 basis, a concept of administrating street maintenance that is no longer in use.

(b) The recommended revised Schedule “E” lists the streets alphabetically, which is more compatible with user’s needs rather than by District as was the case with the previous Schedule.

REPORT

RECOMMENDATIONS:

That,

1. The City of Winnipeg Streets By-law No. 1481/77 be amended by rescinding Schedule “E” in its entirety, and Schedule “E” as shown on the attached Appendix “A”.

2. The City Solicitor/Manager of Legal Services be requested to prepare and submit the necessary amending by-law to Council for approval.

REASON FOR THE REPORT:

An amendment to the Streets By-law requires approval by the Standing Policy Committee on Public Works and adoption by Council.

DISCUSSION:

Schedule “E” of The City of Winnipeg Streets By-law No. 1481/77, as referred to in Section 4.12.09 of the By-law, contains a list of arterial streets (commonly known as Regional Streets) on which trucks/equipment may not be stored or any work may not be undertaken during the morning and afternoon rush periods. This Schedule is currently listed on a District # 1 to District # 6 basis, being a concept of administrating street maintenance that is no longer in use. The recommended revised Schedule “E” lists the streets alphabetically. An alphabetical listing is more compatible with user’s needs.

Also the proposed revised Schedule “E” deletes streets such as portions of Edmonton Street and Kennedy Street between Ellice Avenue and Portage Avenue which have been legally closed because of the construction of Portage Place, adds new streets which have been legally opened such as Chief Peguis Trail between Main Street and Henderson Highway, Charleswood Parkway between the Assiniboine River and Grant Avenue, and the Route 90/Route 165 Extension between Waverley Street and Scurfield Boulevard, includes Chancellor Drive between Pembina Highway and a point 100 metres west where it connects streets such as with the ramp off Bishop Grandin Boulevard, Silver Avenue between Century Street and St. James Street, York Avenue between Main Street, and Waterfront Drive, Waterfront Drive between York Avenue and Pioneer Avenue, River Road between St. Vital Road and St. Mary’s Road and clarifies the limits of street sections, so as to avoid referring to a centre line of a bridge as an end point and including reference to the longer bridge and overpass structures, particularly where a street name change may occur on either side of the structure such as on the Redwood Bridge, St. James Bridges and Maryland Bridges.

It should be noted that, with the exception of portions of Waterfront Drive, York Avenue and Silver Avenue, the legal closure and the legal opening of new streets, and their designation as a Regional Street, have already been approved by the Standing Policy Committee on Public Works, or its predecessor, the Committee on Works and

Operations since this Schedule was last adopted by Council. The proposed amended Schedule “E’ represents an updated listing of streets so regulated in an ascending alphabetical order that is more usable by the user groups.
