RE: Funding for Fence on the North Side of the Foxwarren Lake Berm

Dear Councillor O'Shaughnessy

The Foxwarren Lake Residents Association is formally requesting funding assistance for the construction of a chainlink fence on the north side of the Foxwarren Lake development. This fence is intended to enclose the east half of the existing city owned berm to curtail the illegal ATV, dirt bike and snowmobile activity that this berm attracts with regularity. It will also allow our residents the freedom to use their backyards for recreational purposes without fearing for their children's as well as their own safety from the real potential of an ATV losing control at high speed and seriously injuring a resident. Also, by fencing the north side of the berm, the berm will once again serve its intended purpose of noise abatement by keeping the noisy dirt bikes and quads off the berm and providing our residents with the peace and quite that originally attracted us to this neighborhood.

At our May 16th, 2004 meeting with yourself, you indicated the you would fund 50% of the construction cost with the residents picking up the other 50%, contingent on all affected residents (residents whose property backs onto the proposed fence) sign a letter indicating that they are not opposed to the construction of this fence. Attached is a letter signed by all affected residents indicating they are not opposed to the construction of this fence. You will also find attached a sketch that was used for quoting purposes as well as 3 separate quotes from reputable Winnipeg based fencing companies.

The members of the Foxwarren Lake Residents Association have agreed that a five foot high fence would be our preference. Boundary Fencing Co. of 35 Nemy Cres. Wpg. Mb, has provided the best quote for a 5' fence at a unit cost of $6.86/foot. At our meeting you also indicated that you could fund the end tie in costs. The cost to tie in to the existing fence would be $1370.91, and the total cost to yourself including tie in costs would be $3324.46 (tax incl.).

Our association believes that the construction of this fence is the only solution that will **effectively** eliminate the harassment our community has been subjected to. Previously tried methods such as signage and calling the police were not effective in solving the problem and it is time that a more permanent solution be adopted. Your attention to this matter is greatly needed to put the issue to rest once and for all before the snow flies.

Sincerely,

Eric Klawis
President

* Grant is also needed to construct fence that will keep Canada Geese from walking their young from Foxwarren Lake, through the playground and across ...otlands behind

are a severe health hazard for our young children. They have rendered the tot lot and its equipment unusable.

E.K.

Dear Councellor O'Shaughnessy Friday May 28th, 2004

To follow up on the May 16th meeting and as required by your email from May 17th specifically requesting a list of signatures of all affected residents' who's property backs onto the berm on which we are proposing to build a fence.

The following signatures indicate that we have contacted all affected property owners and by signing this document of their own free will, indicate that they are **not opposed** to the construction of a fence on the north side of the berm .

Customer Information:

MR. E. KLAWIS
192 FOXWARREN DR.
WINNIPEG, MAN.

Job Information:

BERM FENCE
ALL GALVANIZED FENCE
ADD $150.00 FOR GATE

Notes:

TO SUPPLY AND INSTALL 770' OF 48" HIGH CHAIN LINK FENCE ALONG BERM AREA. THE LABOR AND TAXES ARE INCLUDED IN THE PRICE.

WORK CAN START IN 10-14 WORKING DAYS FROM THE GO AHEAD DATE.

SHORTY'S FENCING LTD. agrees to guarantee above fence to be free from defects in materials and workmanship for one year.

SHORTY'S FENCING LTD. shall advise the customer as to local zoning regulations but responsibility for complying with said regulations and obtaining any required permits shall rest with the customer. SHORTY'S FENCING LTD. will assist the customer, upon request, in determining where the fence is to be erected, but under no circumstance does SHORTY'S FENCING LTD. assume any responsibility concerning property lines or in any way guarantee their accuracy. If property pins cannot be located it is recommended that the customer have the property surveyed.

SHORTY'S FENCING LTD. will assume the responsibility for having underground public utilities located and marked. However, SHORTY'S FENCING LTD. assumes no responsibility for unmarked sprinkler lines, or any other unmarked buried lines or objects. The customer will assume all liability for any damage caused by directing SHORTY'S FENCING LTD. to dig in the immediate vicinity of known utilities.

The final billing will be based on the actual footage of fencing built and the work performed. Partial billing for materials delivered to the job site and work completed may be sent at weekly intervals. Adjustments for material used on this job and adjustments for labor will be charged or credited at the currently established rates. Additional charges for any extra work not covered in this contract that was requested by the customer will also be added. The full amount of this contract along with any additional charges will become payable upon completion of all work whether or not it has been invoiced.

A finance charge of 1 1/2% per month (or a minimum of $1.00), which is an annual percentage rate of 18%, shall be applied to accounts that are not paid within 10 days after completion of any work invoiced. All materials will remain the property of SHORTY'S FENCING LTD. until all invoices pertaining to this job are paid in full. The customer agrees to pay all interest and any costs incurred in the collection of this debt.
