STANDING POLICY COMMITTEE ON

INFRASTRUCTURE RENEWAL AND PUBLIC WORKS

QUESTION PERIOD

Minute No. 656
Councillor Eadie referred to the new Transportation Master Plan and questioned if the Chairperson would allow real involvement in development of the plan before committing to a position of any kind.

Councillor Vandal replied that the Plan was scheduled to go before the Standing Policy Committee and that there was also a Council Seminar coming up.

Councillor Eadie requested confirmation that it would not automatically be released right after the Council Seminar, but that they could spend some time trying to figure out some ideas.

Councillor Vandal stated that he and the Councillor should sit down this afternoon and figure out a process on how Councillor Eadie could get his ideas to the Transportation Planners. Councillor Vandal cited he was not sure on the specific time-lines on when the roll-out was going to happen.
