Subject: KENASTON Blvd - CITY TRANSPORTATION OH of JULY 6, 2011 Submission - Frank

Hi Jo-Ann,

As per today's earlier phone conversation, here are my typed suggestions, as voiced at the CITY TRANSPORTATION OPEN HOUSE of JULY 6, 2011.

Please find 2 separate Pdfs attached.

One represents my notes in PLAIN TEXT.

The second one has the SAME WORDS, but is COLOR-HIGHLIGHTED for what I consider to be easier reading in TOPICS "flow".

Although ALL the PAGES relate to the Kenaston Roadway considerations, the Page that SPECIFICALLY MENTIONS Kenaston Boulevard Transportation and RELATED ROADWAY NEEDS and USES is : Page # 4, ITEMS #2, #3 and #4. .

Thank you for including this submission on the Wednesday January 18, 2012 EPC Committee AGENDA .

You can see that this has been made available to the City of Winnipeg Transportation Department for the July 6, 2011 Open House held at "The Forks".

I believe it needs careful scrutiny and consideration PRIOR TO any considerations or commitments to widen Kenaston Boulevard.

In addition, a few months ago, when the CNR Intermodal Trucking compound was being relocated , the City Transportation Department clearly stated that with the relocation of the compound : the truck traffic would be lessened so as to "NO LONGER REQUIRE THE WIDENING OF KENASTON".
This was widely documented and reported upon at the time by the Media. Obviously, if their assurances were true, I suggest this hearing would not be happening at this time.

I await your confirmation of receiving this.

Thank you again Jo-Ann.

Sincerely,

Frank Liebzeit.
